5. The Company has engaged the services of KFin RTA as the authorized agency for conducting of the E- AGM and providing E-Voting Facility.
6. Members attending the AGM through VC/OAVM shall be counted for the purpose of reckoning the quorum under section 103 of the Act.
7. Since the AGM will be held through VC/OAVM, the route map is not annexed in this notice.
8. The Register of Members and the Share Transfer books of the Company will remain closed from **Friday, 25th September, 2020 to Tuesday, 29th September, 2020** for the purpose of Annual General Meeting.
9. To prevent fraudulent transactions, members are advised to exercise due diligence and notify the Company of any change in address or demise of any member as soon as possible. Members are also advised not to leave their Demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified carefully.
10. With the aim of curbing fraud and manipulation risk in physical transfer of securities, SEBI has notified the SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018 on 8th June, 2018 to permit transfer of listed securities only in the dematerialized form with a depository w.e.f. 31st March, 2019. In view of the above and the inherent benefits of holding shares in electronic form, we urge the shareholders holding shares in physical form to opt for dematerialization.
11. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN)

by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their Demat accounts. Members holding shares in physical form can submit their PAN details to the Company.

12. Members who have not registered their e-mail addresses so far are requested to register their e-mail addresses for receiving all communications including Annual Report, Notices, Circular, etc. from the Company in electronic mode.
13. Relevant documents referred to in the accompanying Notice are open for inspection by the Members at the Company's Corporate Office on working days during normal working hours (except Saturdays, Sundays and Public Holidays) upto the date of this Annual General Meeting. The Details of the Directors seeking appointment and/or re-appointment under item no. 2, 3, 4 and 5 and explanatory statement of item no. 3, 4, 5 and 6 of this Notice is annexed hereto in terms of Regulation 36 of SEBI (Listing obligations and Disclosure Requirements) Regulations, 2015 and SS-II on General Meetings.
14. The members, seeking any information with regard to the accounts or any matter to be placed at the AGM or having any questions in connection with the matter placed at AGM, are requested to send email to the Company on or before 25th September, 2020, on cs_jpifcl@jindalgroup.com. MANAGEMENT DISCUSSION & ANALYSIS

The Management Discussion and Analysis (MDA) should be read in conjunction with the Audited Financial Statements of the Company, and the notes thereto for the year ended 31st March, 2020.

BUSINESS OVERVIEW

The Company's main business is holding investment in other entities. The Company holds equity shares mainly in Group companies. The performance of the investments mainly relies on the economic developments and the performance of the investee companies- its profits, dividend and stock prices. The Company's revenue also primarily depends on the movements in the stock market prices of the investee companies.

INDUSTRY STRUCTURE AND DEVELOPMENTS

India's financial services sector plays a critical role in driving the country's economic growth by providing a wide spectrum of financial and allied services to a large consumer cross-section. In India, the market for financial services sector is still largely untapped. Digital technology, which has transformed the way business is conducted across the world, is projected to be one of the major drivers for the growth of this sector in India as well. An extensive range of financial products are increasingly being sold and delivered using the electronic platform to millions of customers in India. Greater use of digital technology is helping the sector to lower transaction cost, generate higher productivity and reach unexplored markets in the financial ecosystem.

The Management continues to carry the vision of the Company forward by way of Integrity and transparency in its operations. Being an investment company, greater emphasis is being given on effective corporate governance and ensuring that the commitment of the management is transformed into higher stakeholder value. The Company is keeping up its efforts to improve transparency in its operations and disclosure practices.

OPPORTUNITIES, THREATS & RISKS

The Company depends on the dividends and capital appreciation from the equity it has invested into. Thus, better performance of the investee companies may be beneficial for the Company while on the other hand, any failure by any investee Company to earn profits or distribute dividends or provide capital appreciation can impact the revenue stream of the Company. Any increase in dividend distribution tax by government can be an external threat to the Company's revenue stream.

PERFORMANCE

Financial Parameters of the Company are provided in the Board report under the head Financial Result and Operations in details. The Company continues to carry on the business as an investment Company and for that purpose it plans to invest in, acquire, subscribe for and hold shares, bonds, units, stocks, securities, debentures and/or mutual funds.

OUTLOOK

India's GDP growth in FY20 continued on a downward growth

trajectory which had begun in Q1FY19. The COVID-19 induced lockdown/social distancing measures started in March 2020 and put 75% of the overall economic activity into standstill. It consequently hastened the downward trajectory of GDP growth in Q4FY20 to 3.1%. For FY20, India's GDP growth declined to 4.2% as compared to 6.1% in FY19. The pandemic has presented fresh challenges for the Indian economy now, causing severe disruptive impact on both demand and supply side elements. Going forward, it is expected that the industry would witness growth in future as the sector is yet to tap its full potential.

RISKS AND CONCERNS

A Company in its normal course of working takes on many risks. For a Core Investment Company the risks that are most important are operational risk, credit risk and competition risk. The identification, monitoring and mitigation of these risks are integral to the success of the Company. The Audit Committee of the Company reviews the probable risk that may affect the financial position of the Company from time to time.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has a proper and adequate system of internal controls and that all assets are safe guarded and protected against loss from unauthorized use or disposition, and all the transactions are authorized, recorded and reported correctly. Management continuously reviews the internal control systems and procedures to ensure orderly efficient conduct of business. The review included adherence to the management policies and safeguarding the assets of the Company. The Company ensures that adequate systems are in place for an effective internal control. The audit findings are reported on a quarterly basis to the Audit Committee of the Board headed by a non-executive independent Director.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE AND SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS

Financial performance, which has been given in the Directors' report, needs to be viewed in the above Backdrop. There is no significant change in the Key Financial Ratios as compared to the immediately previous Financial Year. Further, the Return on Net Worth has been increased from (3.96) to (3.43).

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES

The Company's current activities do not require engagement of significant human resource. However, requisite qualified and experienced personnel have been engaged to take care of organization need of human resource. With the sign of growth, if and when seen, the Company will engage requisite human resource.

CAUTIONARY STATEMENT

Statement in this MDA describing the Company's objectives, projections, estimates and expectations may be a forward-looking statement within the meaning of applicable laws and regulations. Actual results might differ materially from those expressed or implied.

REPORT ON CORPORATE GOVERNANCE

1. Company’s Philosophy on Corporate Governance

The Company has always focused on good corporate practices, which are key drivers of sustainable growth and long-term value creation for its shareholders. The Company believes that corporate governance is not limited to merely creating checks and balances. It is more about creating organizational excellence leading to increase in employee and customer satisfaction and long term shareholders’ value without compromising on ethical standards.

2. Board of Directors

As on 31st March, 2020, the Board of Directors of the Company comprised of four Directors with three being Non-Executive Directors and one being Executive Director. Out of the total strength of four directors, one is women director, who is Non Executive Director. Non-Executive Directors are Independent Directors. The composition of Board of Directors is diverse optimum and balanced in terms of specialisation in one or more areas. The Board of Directors takes into account the interest of all stakeholders while discharging its responsibilities and provides leadership and guidance to the Company’s management. Moreover, the Board of Directors while discharging its fiduciary responsibilities very well ensures that the management adheres to the high standards of ethics, transparency and disclosures.

The Non-Executive Directors bring objective and independent perspective in Board deliberations and decisions as they have a wider view of external factors affecting the Company and its business. These Directors make a constructive contribution to the Company by ensuring fairness and transparency while considering the business plans devised by the management team.

All the Independent Directors have requisite knowledge of business, in addition to the expertise in their area of specialization. The Company has received declaration from each of the Independent Directors confirming that he meets the criteria of independence as defined under the Companies Act, 2013 and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“Listing Regulations”). The Company has issued letters of appointment to the Independent Directors and the terms and conditions of their appointment have been uploaded on the website of the Company.

During the year under review, Mr. Rupesh Kumar resigned as Company Secretary and Compliance Officer of the Company on 12th March, 2020 The Board places its sincere gratitude for contribution made by them to the Company.

The brief resume and other requisite details of the Director proposed to be appointed re-appointed is given in the notice convening the ensuing AGM.

3. Meetings and Attendance

INDEPENDENT AUDITORS' REPORT

**To the Members of
JINDAL POLY INVESTMENT AND FINANCE COMPANY LIMITED**

Report on the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone financial statements of **JINDAL POLY INVESTMENT AND FINANCE COMPANY LIMITED**, which comprises the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including other comprehensive Income), the statement of cash flows and Statement of changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and profit/loss, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 30 to the Standalone Financial Statements in which the Company describes the uncertainties arising from the COVID-19 pandemic.

Our report is not modified in respect of this matter

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements for the financial year ended March 31, 2020. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context

We have determined the matter described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risk of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below provide the basis for the audit opinion on the accompanying standalone financial statements.

Key audit matters	How our audit addressed the key audit matter
<p>Where impairment indicators have been identified, the quantification of impairment in the carrying value of investments is considered to be a risk area due to the judgmental nature of key assumptions. The estimated recoverable amount is subjective due to the inherent uncertainty involved in forecasting and discounting future cash flows. (Refer Note 3 to the Standalone Financial Statements)</p>	<p>We performed the following audit procedures:</p> <ul style="list-style-type: none"> • Comparing the assumptions to externally derived data in relation to key inputs such as long-term growth rates and discount rates. • Assessing the appropriateness of the forecast cash flows within the budgeted period based on our understanding of the business. • Considering historical forecasting accuracy, by comparing previously forecasted cash flows to actual results achieved. • Involving our fair valuation experts to challenge the management's underlying assumptions for terminal growth rate and weighted average cost of capital and the appropriateness of the valuation model used. • Performing sensitivity analysis in relation to the key assumptions.

Information other than the Financial Statements and Auditor's Report thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report (including annexures thereto), Business Responsibility Statement and Management discussion and analysis (MD&A) (collectively referred to as "other information"), but does not include the standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information, and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Standalone Financial Statement

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process

Auditor's Responsibility for the Audit of the Standalone Financial Statement.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c) the Balance Sheet and the Statement of Profit and Loss including the statement of Other Comprehensive Income, the Cash Flow Statement and Statement of changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.
 - e) On the basis of written representations received from the directors as on 31 March, 2020, taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2020, from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in '**Annexure B**' to this report.
 - g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit & Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) *There is no pending litigation against the Company except as follows: - IFCI has filed an application with Debt Recovery Tribunal – I, Delhi for recovery of outstanding dues of Rs. 271.84 crores from Jindal India Powertech Limited, whereas Jindal Poly Investment & Finance Company Limited (the Company) is defendant number 2 as mentioned in Note no. 23 to Financial Statements.*
 - (ii) The Company did not have any long-term contracts including derivatives contracts, for which there were any material foreseeable losses.
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

“ANNEXURE B” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF JINDAL POLY INVESTMENT AND FINANCE COMPANY LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Jindal Poly Investment and Finance Company Limited (“the Company”) as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts

and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

NOTE NO. 1

1(A) Corporate Information

Jindal Poly Investment and Finance Company Limited is a company limited by shares, incorporated and domiciled in India & the equity shares of the company are listed on Indian Stock Exchanges (National Stock Exchange & Bombay Stock Exchange).

The Company is engaged in the business of investment and holding investment mainly in its group Companies.

1(B) Statement on Significant Accounting Policies

1.1 Basis of Preparation and Measurement

Statement of Compliance

The standalone financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and as amended time to time.

These standalone financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements.

These financial statements were authorised for issue by the Board of Directors on their meeting held on June 30, 2020.

Historical Cost Conventions and Fair Value

These financial statements have been prepared on a historical cost basis, except for some assets and liabilities which have been measured at fair value, as specifically disclosed.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

Reporting Presentation Currency

All amounts in the standalone financial statements and notes thereon have been presented in Indian Rupees (INR) (reporting and primarily functional currency of the company) and rounded off to the nearest Lacs with two decimals, unless otherwise stated.

- 1.2 All assets and liabilities are classified as Financial & Non financial as per the Company's normal operating cycle and other criteria set out in the Division III of Schedule III to the Companies Act, 2013 and Ind-AS 1 notified under the Companies (Indian Accounting Standards) Rules, 2015 and as amended time to time. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, twelve months has been considered by the Company for the purpose of current/ non-current classification of assets and liabilities. However certain liabilities such as trade payables and some accruals for employee and other operating costs are part of the working capital used in the Company's normal operating cycle, accordingly classified as current liabilities even if they are due to be settled more than twelve months after the reporting period.

1.3 Accounting Estimates & Judgements and key sources of estimation uncertainty

Due to the nature of the Company's operations, critical accounting estimates and judgements principally relate to the:

- Tangible fixed assets (estimate useful life);
- Intangible fixed assets (estimate useful life)
- Impairment testing (if and when applicable)
- Provision inventories (obsolescence / lower net realizable value)
- Provision for doubtful debts

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

- Provision for employees' post-employment benefits (actuarial assumptions)

In preparing the financial statements in conformity with the accounting principles generally accepted in India, management is required to make estimates and assumptions that affect reported amounts of assets and liabilities and the disclosure of contingent liabilities as at the date of the financial statements and the amounts of revenue and expenses during the reported period. Actual results could differ from those estimates. Any revision to such estimates is recognised in the period in which the same is determined.

Furthermore, the management believe that the net carrying amount of trade receivables is recoverable based on their past experience in the market and their assessment of the credit worthiness of debtors at 31st March 2020. Such estimates are inherently imprecise and there may be additional information about one or more debtors that the management are not aware of, which could significantly affect their estimations.

The provisions for defined benefit plans have been calculated by actuarial expert. The basic assumptions are related to the mortality, discount rate and expected developments with regards to the salaries. Management believes that the mortality tables used are general acceptable mortality tables in the countries involved. The discount rate have been determined by reference to market yields at the end of the reporting period based on the expected duration of the obligation. The future salary increases have been estimated by using the expected inflation plus an additional mark-up based on historical experience and management expectations.

1.4 Investments and other financial assets

Financial assets are initially measured on trade date at fair value, plus transaction costs. All recognised financial assets are subsequently measured in their entirety at either amortized cost or at fair value.

- Classification:** The Investments and other financial assets has been classified as per Company's business model for managing the financial assets and the contractual terms of the cash flows.
 - Measurement:** For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.
- (b.1) Debt Instruments:** Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company's classifies its debt instruments:

Amortised Cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in profit and loss using the effective interest rate method.

Fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in profit and loss using the effective interest rate method.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

Fair value through profit or loss:

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises.

(b.2) Equity instruments: The Company subsequently measures all equity investments at FVTPL or FVTOCI. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss when the Company's right to receive payments is established.

(b.3) Trade Receivables: Trade receivables are amounts due from customers for goods sold in the ordinary course of business. If collection is expected to be collected within a period of 12 months or less from the reporting date, they are classified as current assets otherwise as non-current assets.

Trade receivables are measured at their transaction price unless it contains a significant financing component. Loss allowance for expected life time credit loss is recognized on initial recognition.

(c) Offsetting financial instruments: Financial assets and liabilities are being offset and the net amount reported in the Financial Statements when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

1.5 Financial Liabilities

Initial recognition and measurement : Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest rate method.

Subsequent measurement : Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Derecognition: A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

1.6 Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand, short-term deposits and highly liquid investments with an original maturity of three months or less which are readily convertible in cash and subject to insignificant risk of change in value.

For the purposes of the Statement of Cash Flow, cash and cash equivalents is as defined above, net of outstanding bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities.

1.7 Provisions. Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Provisions in the nature of long term are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

1.8 Employee Benefits

(i) Short Term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages etc. and the expected cost of bonus, exgratia, incentives are recognized in the period during which the employee renders the related service.

(ii) Post-Employment Benefits

(a) Defined Contribution Plans

State Government Provident Fund Scheme is a defined contribution plan. The contribution paid/payable under the scheme is recognized in the profit & loss account during the period during which the employee renders the related service.

(b) Defined Benefit Plans: The employee Gratuity Fund Scheme managed by a trust is a defined benefit plan. The present value of obligation under such defined benefit plan is determined based on actuarial valuation under the projected unit credit method which recognizes each period of service as giving rise to additional unit of employees benefits entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans is based on the market yields on government securities as at balance sheet date, having maturity periods approximated to the returns of related obligations. In case of funded plans the fair value of the planned assets is reduced from the gross obligation under the defined benefit plans to recognize the obligation on net basis.

(c) The obligation for leave encashment is provided for and paid on yearly basis.

(d) Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss.

1.9 Revenue Recognition

1.9.1. Other Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Company has elected to present gains or losses arising from fair value adjustments of financial instruments, gains or losses on disposal of property, plant and equipment, gain or losses from disposal/redemption of investments, amortisation of deferred government grants and regular foreign currency transactions/translations as a separate line item "other gains/(losses) - net" on the face of the statement of profit and loss as permitted in para 85 of Ind AS 1.

1.10 Income Taxes

The income tax expense is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantially enacted at the balance sheet date. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

- 1.11 Earnings Per Share:** Earnings per share is calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.
- 1.12 Cash Flow Statement:** Cash Flows are reported using the Indirect Method, whereby profit/ (loss) before tax is adjusted for the effects of transaction of non-cash nature and deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the company are segregated based on the available information.
- 1.13 Contingent Liability:** Contingent Liabilities, if material, are disclosed by way of notes.
- 1.14 Other accounting policies are in accordance with generally accepted accounting principles.

19.2 Fair Value Hierarchy

- (a) This section explains the judgements and estimates made in determining the fair values of the financial instruments. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Financial assets and liabilities measured at fair value

(Rs. In Lakhs)

	As at March 31, 2020			
	Level 1	Level 2	Level 3	Total
Financial assets				
Financial Investments at FVTPL				
Investments				
Mutual Fund Units		139.91	-	139.91
Equity Instruments	265.72	-	1,282.86	1,548.58
Other Securities	-	-	-	-
Total	265.72	139.91	1,282.86	1,688.49

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

There are no transfers between level 1 and level 2 during the year.

(b) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 or level 3, where the fair values have been determined

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

based on present values and the discount rates used were adjusted for counterparty or own credit risk.

(c) Fair value estimation

Estimated fair value disclosures of financial instruments are made in accordance with the requirements of Ind AS 107 "Financial Instruments: Disclosure". Fair value is defined as the amount at which the instrument could be exchanged in a current transaction between knowledgeable willing parties in an arm's length transaction, other than in forced or liquidation sale. As no readily available market exists for a large part of the Company's financial instruments, judgment is necessary in arriving at fair value, based on current economic conditions and specific risks attributable to the instrument. The estimates presented herein are not necessarily indicative of the amounts the Company could realize in a market exchange from the sale of its full holdings of a particular instrument.

The following summarizes the major methods and assumptions used in estimating the fair values of financial instruments.

Trade and other receivables / payables

Receivables / payables typically have a remaining life of less than one year and receivables are adjusted for impairment losses. Therefore, the carrying amounts for these assets and liabilities are deemed to approximate their fair values, as the allowance for estimated irrecoverable amounts is considered a reasonable estimate of the discount required to reflect the impact of credit risk.

Other long term receivables

These receivables are regularly reviewed and adjusted for impairment losses. Therefore, management considers the carrying amount of these receivables to approximate fair value.

(d) Valuation process

Discussions of valuation processes and results are held between the CFO, AC and the valuation team at least once every three months, in line with the Company's quarterly reporting periods. The main level 3 inputs for unlisted equity securities, contingent considerations and indemnification asset used by the Company are derived and evaluated by CFO and AC and the valuation is got prepared as required.

20 Financial risk management

(a) Risk management framework

The risk management policies of the Company are established to identify and analyse the risk faced by Company to set appropriate risk limit and controls to monitor risk and adherence to limits. Risk management policies and systems are reviewed regularly to reflect the changes in market conditions and the Company activities. The management has overall responsibility for the establishment and oversight of the Company risk management framework. In performing its operating, investing and financing activities, the Company is exposed to credit risk, liquidity risk and market risk.

(b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in financial instruments.

The carrying amount of financial assets represents the maximum credit exposure. The Company monitor credit risk very closely both in domestic and export market. The Management impact analysis shows credit risk and impact assessment as low.

Trade and other receivables

Credit risk is the risk that a customer may default or not meet its obligations to the company on a timely basis, leading to financial losses by the Company. Credit evaluations are performed on all receivables requiring credit. The Company reviews for any required allowance for impairment that represents its expected credit losses in respect of receivables. Investments are reviewed for any fair valuation loss on periodically basis and necessary provision/fair valuation adjustments has been made based on the valuation carried by the management to the extent available sources, the management does not expect any investment counterparty to fail to meet its obligations.

(c) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due. The Company's liquidity position is carefully monitored and managed. The Company has in place a detailed budgeting and cash forecasting process to help ensure that it has adequate cash available to meet its payment obligations.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

The following table provides details of the remaining contractual maturity of the Company's financial Liabilities. It has been drawn up based on the undiscounted cash flows and the earliest date on which the Company can be required to pay. The table includes only principal cash flows.

Other financial liabilities	5.63	5.63	5.63	-	-	-
Total non-derivative liabilities	8.77	8.77	8.77	-	-	-

(d) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices mainly comprise three types of risk: currency rate risk, interest rate risk and other price risks. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as at March 31, 2020 and March 31, 2019. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. However, the Company has no such items regarding currency risk or interest rate risk.

22.3 The principle actuarial assumptions used for estimating the company's defined benefit obligations are set out below:

(Rs. In lakhs)		
Particulars	As at March 31, 2020	As at March 31, 2019
Discount Rate	6.70%	7.50%
Expected Rate of increase in salary	8.00%	8.00%

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

The principal assumptions are the discount rate and salary growth rate. The discount rate is based upon the market yields available on Government bonds at the accounting date with a term that matches that of the liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis.

22.4 Sensitivity Analysis:

a) Impact of change in discount rate	As at March 31, 2020

Sensitivity due to mortality and withdrawals are not material, hence impact of change not disclosed.

Sensitivity as to rate of inflation, rate of increase of pensions in payment, rate of increase of pension before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

23 As per Ind AS - 108, information reported to the chief operating decision maker, which is the Board of the Company, for the purpose of resource allocation and assessment of segment performance is founded its only reportable business segment of holding investments and investing of its surplus fund in the share capital of other company and mutual fund which are governed by the same set of risk and returns. Hence, the Company does not qualify for separate segment reporting.

24 Commitment and contingent liabilities - Nil (Previous year - Nil)

25 The Company pledged 15,41,00,000 Equity Shares of Rs 10/- each and 24,71,00,000 Zero Percent Redeemable Preference Shares Series I and 9,88,00,000 Zero Percent Redeemable Preference Shares Series II of Rs 10/- each, both fully paid up of Jindal India Powertech Limited "JIPL, an Subsidiary Company to IFCI Limited as security for 14% OCD issued by JIPL and subscribed by IFCI Ltd in terms of the Debenture subscription agreement between JIPL and IFCI Limited for the sum of Rs 30,000 lakhs.

In the abovementioned matter, IFCI has filed an application with Debt Recovery Tribunal – I, Delhi for recovery of outstanding dues of Rs. 27,184.26 lakhs from JIPL due to non-redemption of 14% OCDs issued to IFCI and has made the Company as Defendant No. 2 as the Company has provided security to IFCI for the said 14% OCDs by way of pledge of its investment in equity and preference share capital amounting to Rs. 50,000 lakhs in JIPL although the Company had not provided any Corporate Guarantee in this regard. The Company has filed the reply with DRT-I Delhi in this regard and the matter is pending for adjudication.

26 In earlier years, the Company has invested in zero Percent Redeemable Preference Shares (RPS) of Jindal India Powertech Limited (JIPL) having carrying value of Rs. 37,220.14 Lakh as at April 01, 2017. JIPL was the holding company of Jindal India Thermal Power Limited (JITPL) which operates thermal power plant (1200 MW) located at village Derang, Distt. Angul, Orissa. In previous year, the lenders of JITPL have invoked the pledged equity shares to the extent of 66% equity share capital and consequent thereof, JITPL no longer remains a subsidiary of JIPL.

These RPS has been initially measured at amortised cost being investment in Subsidiary Company, as required under Ind AS 109 (Financial Instruments). However, during the previous financial year, based on independent valuers report and considering substantial negative net worth and continuous cash losses of JIPL, impairment loss of Rs 37,220.14 Lakhs has been recognised and shown under exceptional item.

27 In the earlier years Jindal Poly Films Limited has given Rs. 2,290 lakhs to Jindal Photo Limited towards purchase of shares. Pursuant to scheme of demerger approved by Hon'ble Allahabad High Court vide its order dated May 16, 2013 this outstanding has been transferred to the Company as a part of demerged undertaking. Company has continuously taken steps to square off/recover the same by from Jindal Photo Limited and the outstanding as on date is Rs.1,940 lakhs. The Company has made the impairment of the same as per Ind AS 36 during the financial Year 2018-19 and accordingly the impairment loss of Rs.1,940 lakhs has been shown under exceptional item.

- 28** In earlier years, due to the merger of Jindal Poly Films Investment Limited and Jindal Photo Investment Limited, scheme of amalgamation as approved by Hon'ble High Court, New Delhi dated 20th December, 2016, 409,860 shares has been allotted to the Company by Jindal Photo Investment Limited.

During the year the Company has assessed the fair value of the investment in the Company and impaired its investment by Rs.7,382.14 lakhs.

29 CORE INVESTMENT COMPANY

The Company is a core Investment Company Holding more than 90% of its assets in investments in shares or debt in group Companies. In view of the interpretation of the extent regulatory framework applicable to core investment companies, certificate of Registration under sub section (2) section 45-IA of the Reserve Bank of India Act, 1934 is not required to be obtained from Reserve Bank of India as Company has not raised any public funds.

- 30** In line with "SEBI circular no. SEBI/HO/CFD/CMD1/CIR/P/2020/84 dated May 20, 2020" COVID - 19 pandemic has caused serious disruption on the global economic and business environment. INDEPENDENT AUDITOR’S REPORT

**To the Members of
JINDAL POLY INVESTMENT AND FINANCE COMPANY LIMITED**

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **JINDAL POLY INVESTMENT AND FINANCE COMPANY LIMITED**, (“the Company”) and its subsidiaries (the Company and its subsidiaries together referred to as “the Group”), which comprise the Consolidated Balance Sheet as at March 31, 2020, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the “Act”) in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (“Ind AS”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2020, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note 43 to the Consolidated Financial Statements in which the Company describes the uncertainties arising from the COVID-19 pandemic. Our report is not modified in respect of this matter

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements for the financial year ended March 31, 2020. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context

We have determined the matter described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the auditor’s responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risk of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below provide the basis for the audit opinion on the accompanying consolidated financial statements.

Key audit matters	How our audit addressed the key audit matter
<p><u>Impairment of the carrying value of Goodwill on consolidation</u></p> <p>There is a risk that the goodwill attributed to certain cash generating units which are under performing, may be impaired. The Group annually carries out an impairment assessment of goodwill using a value-in-use model. The value-in-use model is based on the net present value of the forecast earnings of the cash-generating units. This is calculated using certain assumptions around discount rates, growth rates and cash flow forecasts.</p>	<p>We performed the following audit procedures:</p> <ul style="list-style-type: none"> • Comparing the Group’s assumptions to externally derived data in relation to key inputs such as long-term growth rates and discount rates. • Assessing the appropriateness of the forecasted cash flows within the budgeted period based on our understanding of the business. • Considering historical forecasting accuracy, by comparing previously forecasted cash flows to actual results achieved.

	<ul style="list-style-type: none"> • Involving our fair valuation experts to challenge the management’s underlying assumptions for terminal growth rate and weighted average cost of capital and the appropriateness of the valuation model used. • Performing sensitivity analysis in relation to the key assumptions.

Information other than the Financial Statements and Auditor’s Report thereon

- The Holding Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Board’s Report (including annexures thereto), Business Responsibility Statement and Management Discussion and Analysis (MD&A) (collectively referred to as “other information”), but does not include the consolidated financial statements and our auditor’s report thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries, is traced from their financial statements audited by other auditors.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management’s Responsibility for the Consolidated Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India . The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on

whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We have relied on the Audited Consolidated Financial Statements of the subsidiary company i.e. Jindal India Powertech Limited; whose financial statements/ financial information reflect total assets of Rs. 41,759.55 Lakh as at 31st March 2020, total revenue from Operation of Rs.96.25 lakh, total net loss after tax of Rs. 4,840.09 lacs for the year ended 31st March, 2020, as considered in the consolidated financial results. The above consolidated financial statements as considered and certified by the Board of Directors of that Company has been furnished to us by the Management of the holding company and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiary, is based solely on such unaudited consolidated financial statement.

“ANNEXURE A” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF JINDAL POLY INVESTMENT AND FINANCE COMPANY LIMITED**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of Jindal Poly Investment and Finance Company Limited (“the Holding Company”), and its subsidiary companies (collectively referred to as “the Group”) as of March 31, 2020 in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

CIN: L65923UP2012PLC051433

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding company, its subsidiary companies have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS**1(A) CORPORATE INFORMATION**

Jindal Poly Investment and Finance Company Limited is a company limited by shares, incorporated and domiciled in India & the equity shares of the company are listed on Indian Stock Exchanges (National Stock Exchange & Bombay Stock Exchange).

The group comprises Jindal India Powertech Limited (Subsidiary company) and its step down subsidiary company and are engaged in the business of investment and holding investment in its group Companies .

1B PRINCIPLES OF CONSOLIDATION

The Consolidated Financial Statements (CFS) relates to Jindal Poly Investment and Finance Company Limited (hereinafter referred to as the "Company") and its Subsidiaries and Associates (the Holding Company and its Subsidiaries and Associates together referred to as "the Group") comprising of the Consolidated Balance Sheet as at 31st March, 2020, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Change in Equity, the Consolidated Statement of Cash Flow for the year then ended, and a summary of the significant accounting policies and other explanatory information /notes (herein referred to as "the Consolidated Financial Statements"). The CFS have been prepared in accordance with Indian Accounting Standard AS 110 on "Consolidated Financial Statements" (Ind AS 110), Indian Accounting Standard 28 on "Investments in Associates and Joint Ventures" (AS 28) referred to in section 133 of the Companies Act 2013 and the relevant provisions of The Companies Act, 2013 and are prepared on the following basis:

- (a) Subsidiaries are those enterprises controlled by the Group and its subsidiaries. Control is achieved when:
- the Group has power over the investee;
 - is exposed, or has rights, to variable returns from its involvement with the investee; and
 - has the ability to use its power to affect its returns.

The group reassesses whether or not it controls an investee, if facts and circumstances indicate that there are changes to one or more of the three elements to control listed above. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

- (b) The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intra-group transactions, balances and unrealised profits on transactions between group companies are eliminated in full. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred assets. Appropriate adjustments for deferred taxes are made for temporary differences that arise from the elimination of unrealised profits and losses from intra-group transactions or undistributed earnings of Group's entity included in consolidated statement of profit and loss, if any.
- (c) The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements to ensure conformity with the group's accounting policies. The financial statements of all entities used for the purpose of consolidation are drawn up to the same reporting date as that of the parent company.
- (d) Non-controlling interest in the profit/loss and equity of the subsidiaries' are shown separately in the consolidated statement of profit and loss, consolidated statement of change in equity and consolidated balance sheet, respectively.
- (e) A change in the ownership interest of a subsidiary, without a loss of control and acquisition of non controlling interest is accounted for as an equity transaction. This results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

(f) **Equity Method**

Associates are entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting. Under the equity method of accounting, the investments are initially recognised at cost (fair value of retained interest, in case of loss of control over subsidiary, being regarded as cost on initial recognition as explained in below note (h)) and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

(g) Loss of Control over Subsidiary and retained interest in Investee Company

The Group reassesses whether or not it controls an investee, if facts and circumstances indicate that there are changes to one or more of the three elements to control listed below. Loss of Control is determined when the Group:

- has no power over the investee;
- is not exposed to, or not has rights, to variable returns from its involvement with the investee; and
- not has the ability to use its power to affect its returns.

When loss of control over subsidiary is established, the parent shall derecognises the assets (including goodwill), liabilities and non-controlling interests of the former subsidiary from the consolidated balance sheet at their carrying amounts at the date when control is lost and recognises any investment retained in the former subsidiary at its fair value when control is lost and subsequently accounts for it and for any amounts owed by or to the former subsidiary in accordance with relevant Ind ASs. That fair value shall be regarded as the fair value on initial recognition of a financial asset in accordance with Ind AS 109 or, when appropriate, the cost on initial recognition of an investment in an associate or joint venture. The parent shall recognise any resulting difference as a gain or loss in profit or loss attributable to the parent.

(h) The details of Subsidiaries and Associates companies whose financial statements are consolidated are as follows:

S. No	Name of Companies	Country of Incorporation	Group's Proportion of Interest	
			As at 31st March 2020	As at 31st March 2019
Subsidiaries				
1	Jindal India Powertech Limited	India	51.22%	51.22%
Step Subsidiaries				
2	Xeta Properties Limited	India	99.42%	99.42%

- (i) The Consolidated financial statements are based, in so far they relate to unaudited financial statements included in respect of subsidiaries (as certified by the management), which are prepared for consolidation in accordance with the requirement of Indian Accounting Standard AS 110 on “Consolidated Financial Statements” (Ind AS 110) referred to in section 133 of the Companies Act 2013.
- (j) Share of Non Controlling Interest in net Consolidated assets is identified and presented in the consolidated balance sheet separate from liabilities and the equity of the company’s shareholders

1(C) STATEMENT ON SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of Preparation and Measurement

The Consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the ‘Ind AS’) as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time

These Consolidated financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements.

These Consolidated financial statements were authorised for issue by the Board of Directors on their meeting held on June 30, 2020.

Historical Cost Conventions and Fair Value

These financial statements have been prepared on a historical cost basis, except for some assets and liabilities which have been measured at fair value, as specifically disclosed.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

Reporting Presentation Currency

All amounts in the standalone financial statements and notes thereon have been presented in Indian Rupees (INR) (reporting and primarily functional currency of the company) and rounded off to the nearest Lakh with two decimals, unless otherwise stated.

- 1.2 All assets and liabilities are classified as Financial & Non financial as per the Company's normal operating cycle and other criteria set out in the Division III of Schedule III to the Companies Act, 2013 and Ind-AS 1 notified under the Companies (Indian Accounting Standards) Rules, 2015. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, twelve months has been considered by the Company for the purpose of current/ non-current classification of assets and liabilities. However certain liabilities such as trade payables and some accruals for employee and other operating costs are part of the working capital used in the Company's normal operating cycle, accordingly classified as current liabilities even if they are due to be settled more than twelve months after the reporting period.

1.3 Accounting Estimates & Judgements and key sources of estimation uncertainty

Due to the nature of the Company's operations, critical accounting estimates and judgements principally relate to the:

- Tangible fixed assets (estimate useful life);
- Intangible fixed assets (estimate useful life)
- Impairment testing (if and when applicable)
- Provision inventories (obsolescence / lower net realizable value)
- Provision for doubtful debts
- Provision for employees' post-employment benefits (actuarial assumptions)

In preparing the financial statements in conformity with the accounting principles generally accepted in India, management is required to make estimates and assumptions that affect reported amounts of assets and liabilities and the disclosure of contingent liabilities as at the date of the financial statements and the amounts of revenue and expenses during the reported period. Actual results could differ from those estimates. Any revision to such estimates is recognised in the period in which the same is determined.

Furthermore, the management believe that the net carrying amount of trade receivables is recoverable based on their past experience in the market and their assessment of the credit worthiness of debtors at 31st March 2020. Such estimates are inherently imprecise and there may be additional information about one or more debtors that the management are not aware of, which could significantly affect their estimations.

The provisions for defined benefit plans have been calculated by an external actuarial expert. The basic assumptions are related to the mortality, discount rate and expected developments with regards to the salaries. Management believes that the mortality tables used are general acceptable mortality tables the countries involved. The discount rate have been determined by reference to market yields at the end of the reporting period based on the expected duration of the obligation. The future salary increases have been estimated by using the expected inflation plus an additional mark-up based on historical experience and management expectations.

1.4 Investments and other financial assets

Financial assets are initially measured on trade date at fair value, plus transaction costs. All recognised financial assets are subsequently measured in their entirety at either amortized cost or at fair value.

- a) **Classification:** The Investments and other financial assets has been classified as per Company's business model for managing the financial assets and the contractual terms of the cash flows.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

b) Measurement: For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(b.1) Debt Instruments: Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company's classifies its debt instruments:

Amortised Cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in profit and loss using the effective interest rate method.

Fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in profit and loss using the effective interest rate method.

Fair value through profit or loss:

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises.

(b.2) Equity instruments: The Company subsequently measures all equity investments at FVTPL or FVTOCI. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss when the Company's right to receive payments is established.

(b.3) Trade Receivables: Trade receivables are amounts due from customers for goods sold in the ordinary course of business. If collection is expected to be collected within a period of 12 months or less from the reporting date, they are classified as current assets otherwise as non-current assets.

Trade receivables are measured at their transaction price unless it contains a significant financing component. Loss allowance for expected life time credit loss is recognized on initial recognition.

(c) Offsetting financial instruments: Financial assets and liabilities are being offset and the net amount reported in the Financial Statements when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

1.5 Financial Liabilities

Initial recognition and measurement : Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest rate method.

Subsequent measurement : Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Derecognition: A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

1.6 Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand, short-term deposits and highly liquid investments with an original maturity of three months or less which are readily convertible in cash and subject to insignificant risk of change in value.

For the purposes of the Statement of Cash Flow, cash and cash equivalents is as defined above, net of outstanding bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities.

1.7 Provisions. Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Provisions in the nature of long term are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

1.8 Employee Benefits

(i) Short Term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages etc. and the expected cost of bonus, exgratia, incentives are recognized in the period during which the employee renders the related service.

(ii) Post-Employment Benefits

(a) Defined Contribution Plans

State Government Provident Fund Scheme is a defined contribution plan. The contribution paid/payable under the scheme is recognized in the profit & loss account during the period during which the employee renders the related service.

(b) Defined Benefit Plans: The employee Gratuity Fund Scheme managed by a trust is a defined benefit plan. The present value of obligation under such defined benefit plan is determined based on actuarial valuation under the projected unit credit method which recognizes each period of service as giving rise to additional unit of employees benefits entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans is based on the market yields on government securities as at balance sheet date, having maturity periods approximated to the returns of related obligations. In case of funded plans the fair value of the planned assets is reduced from the gross obligation under the defined benefit plans to recognize the obligation on net basis.

(c) The obligation for leave encashment is provided for and paid on yearly basis.

(d) Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected in the balance

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss.

1.9 Revenue Recognition**1.9.1 Operating revenue**

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance found within Ind ASs. The Group recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115.

1.9.2 Other Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Company has elected to present gains or losses arising from fair value adjustments of financial instruments, gains or losses on disposal of property, plant and equipment, gain or losses from disposal/redemption of investments, amortisation of deferred government grants and regular foreign currency transactions/translations as a separate line item "other gains/(losses) - net" on the face of the statement of profit and loss as permitted in para 85 of Ind AS 1.

1.10 Income Taxes

The income tax expense is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantially enacted at the balance sheet date. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

1.11 Earnings Per Share:

Basic earnings per share are calculated by dividing the net profit for the year attributable to equity shareholders by the weighted-average number of equity shares outstanding during the period. The weighted-average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

NOTES FORMING PART OF STANDALONE FINANCIAL STATEMENTS

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted-average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.12 Cash Flow Statement:

The Statement of Cash Flow is reported using the indirect method, whereby the net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The Statement of Cash Flow from operating, investing and financing activities of the Group are segregated..

1.13 Contingent Liability: Contingent Liabilities, if material, are disclosed by way of notes.

Fair Value Hierarchy

- (a) This section explains the judgements and estimates made in determining the fair values of the financial instruments. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Financial assets and liabilities measured at fair value

Level 1: hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

There are no transfers between level 1 and level 2 during the year.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS**(b) Valuation technique used to determine fair value**

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 or level 3, where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

(c) Fair value estimation

Estimated fair value disclosures of financial instruments are made in accordance with the requirements of Ind AS 107 "Financial Instruments: Disclosure". Fair value is defined as the amount at which the instrument could be exchanged in a current transaction between knowledgeable willing parties in an arm's length transaction, other than in forced or liquidation sale. As no readily available market exists for a large part of the Company's financial instruments, judgment is necessary in arriving at fair value, based on current economic conditions and specific risks attributable to the instrument. The estimates presented herein are not necessarily indicative of the amounts the Company could realize in a market exchange from the sale of its full holdings of a particular instrument.

The following summarizes the major methods and assumptions used in estimating the fair values of financial instruments.

Trade and other receivables / payables

Receivables / payables typically have a remaining life of less than one year and receivables are adjusted for impairment losses. Therefore, the carrying amounts for these assets and liabilities are deemed to approximate their fair values, as the allowance for estimated irrecoverable amounts is considered a reasonable estimate of the discount required to reflect the impact of credit risk.

Other long term receivables

These receivables are regularly reviewed and adjusted for impairment losses. Therefore, management considers the carrying amount of these receivables to approximate fair value.

(d) Valuation process

Discussions of valuation processes and results are held between the CFO, AC and the valuation team at least once every three months, in line with the Company's quarterly reporting periods. The main level 3 inputs for unlisted equity securities, contingent considerations and indemnification asset used by the Company are derived and evaluated by CFO and AC and the valuation is got prepared as required.

25 FINANCIAL RISK MANAGEMENT**(a) Risk management framework**

The risk management policies of the Company are established to identify and analyse the risk faced by Company to set appropriate risk limit and controls to monitor risk and adherence to limits. Risk management policies and systems are reviewed regularly to reflect the changes in market conditions and the Company activities. The management has overall responsibility for the establishment and oversight of the Company risk management framework. In performing its operating, investing and financing activities, the Company is exposed to credit risk, liquidity risk and market risk.

(b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in financial instruments.

The carrying amount of financial assets represents the maximum credit exposure. The Company monitor credit risk very closely both in domestic and export market. The Management impact analysis shows credit risk and impact assessment as low.

Trade and other receivables

Credit risk is the risk that a customer may default or not meet its obligations to the company on a timely basis, leading to financial losses by the Company. Credit evaluations are performed on all receivables requiring credit. The Company reviews for any required allowance for impairment that represents its expected credit losses in respect of receivables. Investments are reviewed for any fair valuation loss on periodically basis and necessary provision/fair valuation

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS

adjustments has been made based on the valuation carried by the management to the extent available sources, the management does not expect any investment counterparty to fail to meet its obligations.

(c) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due. The Company's liquidity position is carefully monitored and managed. The Company has in place a detailed budgeting and cash forecasting process to help ensure that it has adequate cash available to meet its payment obligations.

(d) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices mainly comprise three types of risk: currency rate risk, interest rate risk and other price risks. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as at March 31, 2020 and March 31, 2019. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return. However, the Company has no such items regarding currency risk or interest rate risk.

 - (iii) Income Tax demand in dispute for AY 2018-19 at CIT(A) of Rs. 54.49 lacs.
- 30** As per Ind AS - 108, information reported to the chief operating decision maker, which is the Board of the Company, for the purpose of resource allocation and assessment of segment performance is founded its only reportable business segment of holding investments and investing of its surplus fund in the share capital of other company and mutual fund which are governed by the same set of risk and returns. Hence, the Company does not qualify for separate segment reporting.
- 31** The Group Company (Jindal India Powertech Limited) has issued Optionally Convertible Debentures (OCDs) to IFCI Limited (IFCI) for Rs. 30000 Lakhs, which were due for full redemption on 05.09.2016 as per the original terms of issue. The Group Company has not redeemed balance OCDs of Rs 22,500 Lakhs. IFCI has filed suit against the company before the Debt Recovery Tribunal Delhi (DRT- Delhi) for recovery of debt. The company has responded with suitable response. A provisions for interest of Rs 4,633 Lakhs (previous year Rs 4,051 Lakhs) is made for the financial year 2019-20 on these outstanding debentures in accordance with Ind AS - 1 and also in compliance to the companies Act 2013. Loan amount has turned NPA on 31/12/2016 as declared by IFCI. In view of legal opinion received by company on the subject matter, company has not deducted TDS on these provisional interest amount.
- 32** The Company (i.e. Jindal Poly Investment & Finance Company Limited) had pledged 15,41,00,000 Equity Shares of Rs 10/- each and 24,71,00,000 Zero Percent Redeemable Preference Shares Series I and 9,88,00,000 Zero Percent Redeemable Preference Shares Series II of Rs 10/- each, both fully paid up of Jindal India Powertech Limited “JIPL, an Subsidiary Company to IFCI Limited as security for 14% OCD issued by JIPL and subscribed by IFCI Ltd in terms of the Debenture subscription agreement between JIPL and IFCI Limited for the sum of Rs 30,000 Lakhs.
- In the abovementioned matter, IFCI has filed an application with Debt Recovery Tribunal – I, Delhi for recovery of outstanding dues of Rs. 27,184.26 Lakhs from JIPL due to non-redemption of 14% OCDs issued to IFCI and has made the Company as Defendant No. 2 as the Company has provided security to IFCI for the said 14% OCDs by way of pledge of its investment in equity and preference share capital amounting to Rs. 50,000 Lakhs in JIPL although the Company had not provided any Corporate Guarantee in this regard. The Company has filed the reply with DRT-I Delhi in this regard and the matter is pending for adjudication.
- 33** The Group company (Jindal India Powertech Limited) had pledged 44,58,05,923 nos of equity shares (30,89,40,941 equity shares pledged to Punjab National Bank as security trustee on behalf of consortium, 9,08,64,982 equity shares pledged exclusively to Punjab National Bank and 4,60,00,000 equity shares pledged exclusively to Bank of Baroda) of Rs. 10 each and 61,99,97,400 no of redeemable preference shares (47,91,25,900 preference shares pledged to Punjab National Bank as security trustee on behalf of consortium and 14,08,71,500 preference shares pledged exclusively to Punjab National Bank) of Rs. 10 each i.e. held as investments in its erstwhile subsidiary company Jindal India Thermal Power Limited (JITPL) against loan taken from consortium bankers by JITPL for its project in Orissa. During financial year 2017-18, Punjab National Bank (as security trustee on behalf of consortium) had invoked pledge of 30,89,40,941 nos. of equity shares and pledge of 9,08,64,982 equity shares had been invoked by the Punjab National Bank in Individual Capacity, as Jindal India Thermal Power Limited (“JITPL”) has defaulted in payment of loan taken from consortium of bankers. Accordingly, the said equity shares have been transferred in the name of Punjab National Bank. Consequent to this Jindal India Thermal Power Limited has ceased to be held as subsidiary / associates company).
- Further as Security Trustee are holding such equity shares on behalf of lenders and has not assigned a value to the said equity shares, the company is carrying the value of such invoked equity shares at face value which is @ Rs 10 Per share as recoverable under the head “other financial assets”. Difference in cost of investment invoked and face value of such shares is written off in financial year 2017-18. Further a provision of Rs 39940.62 lakhs is made against these assets.
- 34** During financial year 2017-18, the Group company(Jindal India Powertech Limited) had received notice for invocation of 47,91,25,900 Redeemable Preference shares on 19.12.2017 from Punjab National Bank (as security trustee on behalf of
