

Corporate Governance Report

OUR CORPORATE GOVERNANCE PHILOSOPHY

Max Financial Services Limited continues to be committed towards maintaining the highest standards of Corporate Governance recognizing that in today's environment, it is a critical driver for achieving excellence, attracting high-quality talent, and optimizing capital sourcing and allocation.

To ensure strong discipline in capital management, robust performance management of its businesses and sustained value creation across all stakeholders, Max Financial Services embarked upon a journey a few years ago, to implement a comprehensive governance framework across the Group. This entailed implementation of various transformational initiatives across three key facets of governance:

- ### Board Architecture

The Boards in each of the Group's operating companies were re-configured to create the right composition with an ideal number of Independent Directors, ensuring board diversity with respect to functional and industry expertise, having an active and engaged lead Director on each Board, and separating the role of the respective CEOs and the Chairmen. In addition, a clear role for the Board has been articulated in areas such as strategy formulation, monitoring financial health, leadership development, risk management and succession planning.

- ### Board Processes

Various people processes of the Board have been optimized (viz. on-boarding of Directors, Board education and business engagement, enabling independence, adherence to the code of conduct etc.). Key operational aspects such as ensuring a comprehensive and well-balanced meeting agenda, timely and adequate flow of information to the Board, inviting external speakers to take Board sessions, are in place to ensure that the Board time is spent optimally on all critical areas of the business. Further, it is ensured that the Board materials are comprehensive, crisp and relevant for strategic discussions.

All material matters to be considered by each Board are reviewed in specific sub-committees of

the Board that are composed of the right balance between executive, non-executive and independent Directors, who add value to and are specifically qualified for the particular sub-committee. Detailed charters are published for every sub-committee of the Board.

- ### Board Effectiveness

To enhance 'Board Effectiveness' and assess the Board's performance, an annual evaluation of Board Members is conducted and inter-Company Board movements are also effected, as may be required, to ensure that each Board is well-equipped and engaged to take the right decisions for the business. In addition, various mechanisms have been implemented to improve the performance of the Board, which involves establishing clear standards of conduct & behaviour, setting a calendar of key governance interventions (such as strategy-setting sessions, risk management sessions), consequence management etc.
