ANNEXURE V

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A. INDUSTRY STRUCTURE AND DEVELOPMENTS:

India's proclivity for sweet foods is well known. A consumer looking for sweet foods can choose between hard-boiled sweets, toffees, chocolates, gums, jellies, mints, cakes, biscuits, traditional mithai and so on. The manufacturers of these products range from individual homes to small, unorganized establishments to large industrial units. Some of the distinguishing characteristics, regardless of size of the production unit, are the focus on good raw materials, hygiene, nutritional values and branding. In some ways strong branding is a signal that the product is consistently manufactured and distributed with the expected care. Innovation in product and packaging as well as consumer engagement through social and traditional media have allowed the category to grow considerably in the last few years. The products are still largely sold through the general trade channel. However, modern trade remains an exciting and growing avenue for driving volumes and brand engagement at the store level. E-commerce and Quick commerce, especially for impulse categories, is a niche channel that shows promise for even greater contribution in the future. The industry is highly price sensitive and therefore remains dependent on a stable pricing environment for raw materials and other industrial inputs. A growing focus on nutrition among consumers has driven recent innovations on substitution of sweetening agents and the government continues to take steps to ensure responsible consumption of these products. Overall, the industry is mature and growing with predictable demand characteristics and will be an important pillar of the fast-moving consumer goods industry in the future.

B. OPPORTUNITIES AND THREATS:

Keeping in mind the intense competition and the pressure on margins, the Company decided to enter into a transaction for the sale, transfer and assignment of the trademarks, recipes, all intellectual property rights, including all rights, interests, and protections associated therewith, relating to the Company's sugar boiled confectionery business to Reliance Consumer Products Limited. The transaction was completed on March 22, 2024. The Company may choose to redeploy its manufacturing and ancillary assets for the manufacture of confectionery for third parties or can wait for the non-compete period related to the abovementioned transaction to conclude to consider re-entering the confectionery business. Alternately, the Company may decide to refocus its resources in other endeavours that leverage the Company's assets, know-how and deep relations in the retail and agricultural communities. Any new direction will require learning, investments and will be dependent on attracting the human resources that can spearhead these initiatives.

C. SEGMENT WISE OR PRODUCT WISE PERFORMANCE:

The Company operates in a single segment viz. Manufacturing of Confectionery.

D. OUTLOOK:

Overall economic activity in India remains robust, despite persistent global headwinds. However, FMCG volumes have shown sluggish growth in recent quarters. Competition in the confectionery segment remains intense with consequent pressures on volumes and margins. The inflationary pressures during the pandemic years have eased to a great extent. However, input costs remain elevated without much expectation of rationalization to pre-pandemic levels. Rising input costs will force an industry-wide reckoning on the path beyond the Rupee One price point. The future of the confectionery industry depends greatly on the rationalization of products available in the market and the consolidation of trade channels.

E. RISKS AND CONCERNS:

As the Company evaluates strategic alternatives, future business endeavours may involve a learning curve and the attendant risks of pursuing new ventures. Even if the Company persists in FMCG businesses, inflationary pressures in the cost of raw materials, human resources and transport may put pressure on margins, while lack of timely availability of raw materials or suitable manpower may hamper our ability to meet demand. Unpredictable changes in laws and unexpected enforcement actions by governments or local authorities may make it difficult to operate and serve our customers. The customers' emphasis on healthy consumption may dissuade some from consuming sugar-based products like confectionery.

F. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Company maintains adequate internal control systems and makes need-based suitable changes therein to strengthen the same. The system provides, among other things, reasonable assurance of recording the transactions of its operations in all material respects and of providing protection against significant misuse or loss of Company's assets.

G. DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE:

The Revenue from Operations (Net) (excluding Other Income) for the year ended March 31, 2025 was Rs. 115.81 Lakhs as against Rs. 858.01 Lakhs for the previous year. The Net Loss of Rs. 202.70 Lakhs for the year ended March 31, 2025 as against the Net Profit of Rs. 1730.80 Lakhs (including exceptional items) for the previous year.

H. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES:

The Company believes that manpower is the most valuable resource for its growth. Industrial relations have been cordial. During the year, the Company provided a Voluntary Retirement Scheme to many of its factory workers as production was suspended following the sale of the trademarks, recipes and intellectual property rights related to its confectionery business in March 2024.

I. DETAILS OF SIGNIFICANT CHANGES:

Sr. No.	Ratios	2024-25	2023-24	Diff.(in %)

INDEPENDENT AUDITORS' REPORT

To the Members of
THE RAVALGAON SUGAR FARM LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

OPINION

We have audited the accompanying financial statements of **THE RAVALGAON SUGAR FARM LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Cash Flow and Statement of Changes in Equity for the year ended and notes to the financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'financial statements.')

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its loss and total comprehensive income (including other comprehensive income), the changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SA's) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

EMPHASIS OF MATTER

We draw attention to certain matters and its consequential impact, if any, on the results including their presentation / disclosure:

i. Segment Reporting:

We draw attention to Note 2(b)(xvii) to the financial statements, which provides information regarding the Company's segment reporting. As disclosed, the Company previously operated in two reportable segments: sugar and confectionery. However, the sugar manufacturing operations have been inactive since FY 2013-14, and the related business was sold in September 2018. Similarly, the confectionery business, represented by the candy sugar plant, has not been operational since FY 2004-05. During the financial year 2023-24, the Company divested its trademarks, recipes, and intellectual property related to the confectionery business to Reliance Consumer Products Limited. As a result, the Company has been inactive as at March 31, 2025, and does not have any operating segments. Accordingly, no segment information has been disclosed in the financial statements.

Our opinion is not modified in respect of this matter.

ii. Going Concern Assessment:

We draw attention to Note 2(c)(i) to the financial statements, which describes the Company's going concern assumption. As of March 31, 2025, the Company reported a net loss of ₹201.78 Lakhs for the year; however, its net worth remains robust at ₹1,509.09 Lakhs. Despite the loss, the management believes that the Company has sufficient resources to continue its operations and does not foresee any significant doubt about its ability to operate as a going concern. This view is supported by the continued ownership of the operating assets related to the confectionery business, as well as other assets that may be utilized for future activities. Based on these factors, management is confident that the Company will continue to meet its obligations as they become due.

As a result, the financial statements have been prepared on a going concern basis, assuming the continuing availability of funding, operational viability, and the ability to generate future cash flows. The Company continues to assess and monitor its circumstances to ensure that its going concern status is maintained.

Our opinion is not modified in respect of this matter.

iii. We draw your attention to Note No. 34 to the Financial Statement, the balance with respect to certain bank balances, borrowings from banks & financial institutions, other current assets and liabilities are subject to confirmation and the balances are currently reported in the standalone financial statement as per the books of accounts.

Our opinion is not modified in respect of this matter.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report:

Key Audit Matter	Auditors' Response
<p>1) Litigation, Claims and Contingent Liabilities:</p> <ul style="list-style-type: none"> • The Company is exposed to a variety of different laws, regulations and interpretations thereof. Consequently, in normal course of business, Provisions and Contingent Liabilities may arise from legal proceedings, constructive obligations and commercial claims. • Management applies significant judgement when considering whether and how much to provide for the potential exposure of each matter. • These estimates could change substantially over time as new facts emerge as each legal case or matters progresses. • Given the different views possible, basis the interpretations, complexity and the magnitude of potential exposures and the judgement necessary to estimate the amount of provision required or determine required disclosures. (Refer Note No. 29) 	<p>Our Audit procedures included, among others, the following:</p> <ul style="list-style-type: none"> • We understood the processes, evaluated the design and implementation of controls and tested the operating effectiveness of the Company's controls over the recording and re-assessment of uncertain legal positions, claims and contingent liabilities. • We held discussions with senior management including the person responsible for legal and compliance to obtain an understanding of the factors considered by management in classification of the matter as 'probable', 'possible' and 'remote'. • Examined the Company's legal expenses on a sample basis and read the minutes of the board meetings in order to ensure completeness. • With respect to tax matters (direct and indirect), discussed with the Company's tax officers and obtained their views and strategies on significant cases, as well as the related technical grounds relating to their conclusions based on applicable tax laws. • Assessing the decisions and rationale for provisions held or for decisions not to record provisions or make disclosures. • For those matters where management concluded that no provisions should be recorded, considering the adequacy and completeness of the Company's disclosures.
<p>2) Deferred Tax Assets:</p> <ul style="list-style-type: none"> • The company had recognized deferred tax assets during earlier years on deductible temporary differences; unused tax losses/ unabsorbed depreciation that it believes are recoverable. • The recoverability of recognized deferred tax assets is dependent on the company's ability to generate future taxable profits sufficient to utilize the deductible temporary differences and tax losses. • We have determined this to be a key audit matter, due to inherent uncertainty in forecasting the amount and timing of future taxable profits and the reversal of temporary differences. (Refer note no. 6) 	<p>Our Audit procedures included, among others, the following:</p> <ul style="list-style-type: none"> • Reconciling Tax Losses and expiry dates to tax statements. • assessing the company's view to restrict recognition of deferred tax assets to Rs.458.96 lakhs in view of its past performance and uncertainty of generating future taxable profits. • Reviewed the disclosures made by the Company in the financial statements

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF MANAGEMENT AND THOSE CHARGED WITH GOVERNANCE FOR THE FINANCIAL STATEMENTS

The Company's management and Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profits/losses and other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the Accounting Standards (Ind AS) specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We have also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we identify matters that were of such significance in the audit of the Financial Statements for the financial year ended March 31, 2025, that they would be considered key audit matters. Accordingly, such matters have been described in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We have audited the internal financial controls with reference to financial statements of **THE RAVALGAON SUGAR FARM LIMITED** ("the Company") as of 31 March 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference these standalone financial statements and such internal financial controls over financial reporting with reference to these standalone financial statements were operating effectively as at March 2025, based on the internal financial controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company and management are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting with reference to these Financial Statements

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Inherent Limitations of Internal Financial Controls over Financial Reporting with reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Revenue from sale of goods is recognised when control of the goods are transferred to the customer at an amount that reflects the consideration entitled in exchange for those goods. The Company is generally the principal as it typically controls the goods before transferring them to the customer.

Generally, control is transferred upon shipment of goods to the customer or when the goods is made available to the customer, provided transfer of title to the customer occurs and the Company has not retained any significant risks of ownership or future obligations with respect to the goods shipped.

Revenue is measured at the amount of consideration which the Company expects to be entitled to in exchange for transferring distinct goods to a customer as specified in the contract.

Interest Income is recognized on time proportion basis.

Dividend Income is recognized, at the time when they are actually received.

v) Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related deferred income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively Minimum Alternate Tax (MAT) credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

vi) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

vii) Financial Assets

(a) Initial Recognition and Measurement

All Financial Assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of Financial Assets, which are not at Fair Value Through Profit or Loss, are adjusted to the fair value on initial recognition.

(b) Subsequent Measurement

(i) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

(iii) Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss

viii) Cash Flow Statements

Cash flows are prepared using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flow from operating, investing and financing activities of Company are segregated.

ix) Inventories

Inventories of Raw Materials, Work-in-Progress, Stores and spares, Finished Goods and Stock-in-trade are stated 'at cost or net realisable value, whichever is lower'. Goods-in-Transit are stated 'at cost'. Cost comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formulae used are 'First in-First-out', 'Weighted Average cost'. Due allowance is estimated and made for defective and obsolete items, wherever necessary.

Following are the general practice accepted by the company for valuation

Sr. No.	Type of Inventory	Valuation Methodology
1	Stores and Spares	At Cost
2	Raw Materials	At Cost
3	Finished Goods	At lower of cost or net realizable value

x) Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Cost may also include transfers from equity of any gains or losses on qualifying cash flow hedges of foreign currency purchases of property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 1, 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives or, in the case of certain leased furniture, fittings and equipment, the shorter lease term as follows:

Asset Class	Useful Life
Freehold land	-
Leasehold land	As per lease life
Buildings	60 Years
Furniture and fixtures	10 Years
Office equipments	5 Years
Vehicles	8 Years

xi) Impairment of Assets

At each Balance sheet date, the management reviews the carrying amount of its assets and goodwill included in each Cash generating Unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount of an asset is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value and the risks specific to the asset. Reversal of impairment loss is recognized immediately as income in the profit and loss account.

xii) Investments

Long-term investments are carried at cost. However, provision for diminution is made to recognise a decline, other than temporary, in the value of investments, such reduction being determined and made for each investment individually.

Current Investments are valued at lower of cost or fair value.

xiii) Borrowing costs

Borrowing cost directly attributable to acquisition of Qualifying Fixed Assets is capitalised. All other borrowing costs are charged to Profit and Loss Account

xiv) Trade and Other Payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid on recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

xv) Provisions and Contingent Liabilities

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed upon the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company.

xvi) Employee Benefits**Short-term obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

Gratuity obligations

In respect of Post employment benefits viz. Gratuity, the Company has a master policy with LIC under Group Gratuity Scheme for its employees. The company used to provide / contribute to LIC Group Gratuity for future payments of retirement gratuity to the employees as determined by Management.

The Company provides for the liability towards the said plans on the basis of actuarial valuation carried out yearly as at the reporting date, by an independent qualified actuary using the projected unit-credit method.

The obligation towards the said benefits is recognised in the balance sheet, at the present value of the defined benefit obligations. The present value of the said obligation is determined by discounting the estimated future cash outflows.

The interest expense is calculated by applying the above mentioned discount rate to the defined benefit obligations liability. The interest expense on the defined benefit liability is recognised in the statement of profit and loss. However, the related re-measurements of the defined benefit liability is recognised directly in the other comprehensive income in the period in which it arises. The said re-measurements comprise of actuarial gains and losses (arising from experience adjustments and changes in actuarial assumptions). Re-measurements are not re-classified to the statement of profit and loss in any of the subsequent periods.

xvii) Segment reporting

Earlier the company had two reportable segments in the form of sugar and confectionery. But the sugar factory was not operating since FY 2013-14. It was subsequently sold in September 2018. Similarly the candy sugar plant has not been in operation since FY 2004-05 and during the financial year 2023-24, the company has sold its trademarks, recipes and intellectual property related to its confectionery business, to Reliance Consumer Products Limited. Consequently, the company has been inactive during the quarter ended March 31, 2025. As the company was inactive and had no operating segments, segment information is not disclosed.

xviii) Contributed Equity

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

i) Earnings per Share

Basic earnings per share is calculated by dividing:

- The profit attributable to owners of the Company
- By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

xix) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

ii) Dividends to shareholders

Annual dividend distribution to the shareholders is recognised as a liability in the period in which the dividends are approved by shareholders. Any interim dividend paid is recognised on approval by board of directors. Dividend payable and corresponding tax on dividend distribution is recognised directly in equity.

xx) Corporate Social Responsibility

A company satisfying any of the following criteria during the immediately preceding financial year is required to comply with CSR provisions specified under section 135(1) of the Companies Act, 2013 read with the Companies (CSR Policy) Rules, 2014 made thereunder:

- (i) net worth of rupees five hundred crore or more, or
- (ii) turnover of rupees one thousand crore or more, or
- (iii) net profit of rupees five crore or more.

As per Section 135 of the Companies Act, 2013, a Company, meeting the applicability threshold, needs to spend at least 2% of its average net profit for the immediately preceding three financial years on Corporate Social Responsibility (CSR) activities.

As the company has not exceeded the threshold limit specified under section 135(1) of the Companies Act, 2013, hence it has not spent any amount towards CSR expenditure for the year ended on 31st March, 2025.

xxi) Rounding off Amounts

All amounts disclosed in the Financial Statements and Notes have been rounded off to the nearest lakh rupees upto two decimal places as per the requirement of Schedule III, unless otherwise stated.

c) Additional Notes to Accounts**i) Note on Going Concern**

As of March 31, 2025, the Company reported a net loss of ₹201.78 Lakhs for the year; however, its net worth remains robust at ₹1,509.09 Lakhs. Despite the loss, management believes the Company has sufficient resources to continue operations and does not foresee any significant doubt about its ability to operate as a going concern. This view is supported by the fact that the Company continues to own the operating assets of the confectionery business as well as other assets that can be utilized for future activities. Based on the above facts, the management believes that the Company will continue to meet its obligations as they become due. Therefore, the financial statements have been prepared on a going concern basis, assuming the continuing availability of funding, operational viability, and the ability to generate future cash flows. The Company continues to assess and monitor its circumstances to ensure its going concern status is maintained.

The scheme is funded with an insurance company in the form of a qualifying insurance policy.

The employees' gratuity fund scheme managed by Life Insurance Corporation of India is a defined benefit plan. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for leave encashment is recognized in the same manner as gratuity.

- i. The Company had received a notice during the course of FY 2024-2025 from the Grampanchayat Office, Ravalgaon, demanding outstanding Grampanchayat Tax for various years amounting to ₹ 2,31,91,494. The Company believes that the calculation is inaccurate and unfair and has appealed to the Hon. Minister for Rural Development & Panchayat Raj. The Company made ad-hoc payments of ₹10,00,000 in Financial Year 2023-24 and ₹ 50,00,000 in Financial Year 2024-25 to show its bona fides. The final liability cannot be ascertained until the Hon. Minister decides on the matter. However, the Company believes that the strength of its appeal and the payments already made should meaningfully address any liability once determined, and has not recognized the outstanding amount as a debt or created a provision according to Ind AS 37.
- ii. The Company entered into agreements with the Government of Maharashtra in 2020 for drawing water from the Girna Left Canal for industrial and domestic use. The agreement stipulated specific water usage targets, with penalties for non-usage. However, due to the COVID-19 pandemic and subsequent government-mandated shutdowns, the Company was unable to utilize the water as per the agreement. Consequently, the Irrigation Department issued bills from time to time with pending claims totalling ₹19,93,113 for industrial use and ₹3,14,407 for domestic use, including interest and certain penalties such as non-fulfilment of usage obligations. In response, the Company submitted a representation dated 3rd March 2025 to the Hon. Executive Engineer, Malegaon Dam Division, requesting a waiver of the penalties. Payments of ₹6,50,191 for industrial use and ₹78,212 for domestic use were made during the financial year 2024-2025, as part of the Company's efforts to settle the accepted dues. As the Company has formally requested a waiver and believes that a further outflow of resources is not probable, it has not recognized the outstanding amounts as a debt nor created a provision according to Ind AS 37.
- iii. In May 2025, the Second Labour Court, Nashik, ruled in favour of 21 former seasonal workers, estimating their total gratuity demand at ₹28,22,662, along with interest of ₹33,87,196. The Company disputes this ruling, asserting that the workers' seasonal employment does not meet the criteria for gratuity under the Payment of Gratuity Act, 1972, as they did not complete the requisite 240 days of service in a year. Consequently, the Company plans to file an appeal before the Industrial Court, Nashik. Since the Company believes the liability is not probable, it has not recognized the estimated gratuity amount as a debt nor created a provision according to Ind AS 37, pending the outcome of the legal proceedings.
