NOTES:

1. **Ministry of Corporate Affairs (MCA) and Securities Exchange Board of India (SEBI) vide their various circulars (collectively referred to as 'Applicable Circulars') have permitted the holding of the Annual General Meeting (AGM) through Video Conferencing(VC)/Other Audio Visual Means (OAVM), without the physical presence of the Members at a common venue. Accordingly, in compliance with the provisions of the Companies Act, 2013, SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Applicable Circulars, the AGM of the Company is being held through VC/OAVM at the Registered Office of the Company.** The proceedings of the AGM shall be deemed to be conducted at the Registered Office of the Company.
2. An explanatory statement pursuant to Section 102 of the Act, relating to special business set out in the notice to be transacted at the AGM, is annexed hereto. Pursuant to Regulation and 36(3) of the SEBI Listing Regulations and the Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India, the relevant details of Director seeking re-appointment at this AGM are provided in the "Annexure" to the Notice.
3. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars issued from time to time, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to the provisions of the Act, a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars on AGM through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form Attendance Slip and Route Map are not annexed to this Notice.
6. Corporate members intending to authorize their representatives to attend the Meeting are requested to send a scanned certified copy of the board resolution (pdf/jpeg format) authorizing their representative to attend and vote on their behalf at the Meeting. The said Resolution/Authorization shall be sent to the Scrutinizer by email through its registered email address to Company.affairs@ribatextiles.com with a copy marked to helpdesk.evoting@cdslindia.com.
7. The Members can join the AGM through VC mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC will be made available for 1,000 Members on first come first served basis. However, this number does not include the large Shareholders i.e. Shareholders holding 2% or more shareholding, Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairman of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
8. Members holding shares in electronic form are requested to register / update their postal address, email address, telephone/ mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their respective Depository Participants, with whom they are maintaining their Demat accounts.
9. Members holding shares in physical form are requested to register / update their postal address, email address, telephone/ mobile numbers, PAN, mandates, nominations, power of attorney, bank details such as name of the bank and branch details, bank account number, MICR code, IFSC code, etc., with the Registrar and Transfer Agent i.e. Beetal Financial & Computer Services Private Limited by sending an email to beetalrta@gmail.com along with request letter, folio no., name of the Member, and scanned copy of the share certificate (front and back), PAN Card (Self attested scanned copy) and Aadhar Card (Self-attested scanned copy).

10. In case of joint holder attending the Meeting, only such joint holder who is higher in the order of names will be entitled to vote.
11. Members who hold shares in physical form in multiple folios in identical names or joint holding in the same order of names are requested to send the details of such folios together with share certificates to Beetal Financial & Computer Services Private Limited, the Registrar & Share Transfer Agents, for consolidation into a single folio.
12. SEBI vide its Notification No. SEBI/LAD-NRO/GN/2018/24 dated June 08, 2018 & Notification No. SEBI/LADNRO/GN/2018/49 dated November 30, 2018 amended Regulation 40 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, which provides that from April 01, 2019 transfer of securities would not be processed unless the securities are held in the dematerialized form with a depository. In view of the same, now the shares cannot be transferred in the physical mode. Hence, Members holding shares in physical form are requested to dematerialize their holdings immediately. However, Members can continue to make request for transmission or transposition of securities held in physical form.
13. SEBI vide its Circular No. SEBI/HO/MIRSD/DOP1/CIR/P/2018/73 dated April 20, 2018 with a view to protect the interest of the shareholders, has mandated to all the members who holds securities of the company in physical form, to furnish to the company/ its registrar and transfer agent, the details of their valid PAN and bank account. To support the SEBI's initiative, the Members are requested to furnish the details of PAN and bank account to the Company's Registrar and Transfer Agent.
14. Members seeking any information with regard to the accounts or any matter to be placed at the AGM are requested to write to the Company on or before 20th September 2025 through email on Company.affairs@ribatextiles.com the same will be replied by the Company suitably.
15. All Documents referred to in this Notice and Explanatory Statements are open for inspection as per applicable statutory requirements. Members seeking to inspect such documents can send an email to Company.affairs@ribatextiles.com.
16. The Company has designated a separate e-mail ID of the grievance redressal division/Compliance officer i.e. Company.affairs@ribatextiles.com, exclusively for the purpose of registering complaints by investors.
17. In compliance with the aforesaid MCA and SEBI Circulars Notice of the AGM along with the Annual Report is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. Members may note that the Notice and Annual Report will also be available on the Company's website <https://www.ribatextiles.com>, websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com, and on the website of CDSL i.e. www.evotingindia.com.
18. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any Member as soon as possible. Members are also advised to not leave their demat account(s) dormant for a long time. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified from time to time.
19. The Meeting shall be deemed to be held at the registered office of the Company at DD-14, Nehru Enclave, opp. Kalka Ji post office, New Delhi-110019.
20. Members can send their requests, if any, to Company.affairs@ribatextiles.com and beetalrta@gmail.com.
21. **Voting Options**

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode **REMOTE E-VOTING THROUGH ELECTRONIC MEANS**

- 1) The instructions for shareholders for remote e-voting are as under:
 - I. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended), and the Circulars issued by the Ministry of Corporate Affairs dated April 08, 2020, April 13, 2020, May 05, 2020 and January 13, 2021, the Company is pleased to provide to its Members facility to exercise their right to vote on resolutions proposed to be passed in the Meeting by electronic means.
 - II. The Company has engaged the services of CDSL as the Agency to provide remote e-voting facility and e-voting during the AGM will be provided by Registrar and Transfer Agent i.e. Beetal Financial & Computer Services Private Limited.
 - III. The Board of Directors of the Company has appointed CS Vishal Gupta, a Practicing Company Secretary (Membership No. 39686) Practicing Company Secretaries, as Scrutinizer to scrutinize the e-voting during the AGM and remote e-voting in a fair and transparent manner.
 - IV. Voting rights of the Members for voting through remote e-voting and voting during the AGM shall be in proportion to shares of the paid-up equity share capital of the Company as on the cut-off date i.e. Saturday, **20th September 2025**. A person, whose name is recorded in the Register of Members or in the Register of Beneficial owners (as at the end of the business hours) maintained by the depositories as on the cut-off date shall only be entitled to avail the facility of remote e-voting and voting during the AGM.
 - V. The remote e-voting facility will be available during the following period:
 - a. Commencement of remote e-voting: 09.00 A.M. (IST) on Wednesday, September 24, 2025.
 - b. End of remote e-voting: 5.00 P.M. (IST) on Friday, September 26, 2025.
 - c. The remote e-voting will not be allowed beyond the aforesaid date and time and the remote e-voting module shall be disabled by CDSL upon expiry of aforesaid period.
 - VI. Those Members, who will be present in the AGM through VC/ OAVM facility and have not cast their vote on the Resolutions through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through e-voting system during the AGM.
 - VII. The Members who have cast their vote by remote e-voting prior to the AGM may also attend/ participate in the AGM through VC/ OAVM but shall not be entitled to cast their vote again.
 - VIII. Any person, who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and holding shares as of the cut-off date, may follow the same procedure as given below for remote e-voting.
 - IX. Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

X. In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

ANNEXURE I TO THE DIRECTORS' REPORT 2024-25

Disclosure of Particulars with respect to Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo as required under the Companies (Accounts) Rules, 2014**1. CONSERVATION OF ENERGY****(A) Steps taken / impact on conservation of energy**

- Commissioned a 1,073 kWp captive solar PV plant at the manufacturing facility to reduce grid dependency, stabilise power costs, and lower Scope 2 emissions.
- Installed high-efficiency boiler **systems** to improve steam generation efficiency and reduce fuel consumption.
- Integrated energy-efficient air compressors and suction systems to optimise electricity usage.
- Added humidity control units to maintain optimal production conditions with minimal energy draw.

(B) Additional Investment and Proposals, 'if any', being implemented for reduction in consumption of energy:

- The planned import of 12 new looms from our long-standing Japanese supplier, Tsudokomo, has experienced a delay. Originally scheduled for installation by the end of FY 2024–25, the machines were received in April 2025, resulting in a six-month postponement of the project timeline. Installation is now expected to be completed by September 2025, with full operational integration to follow shortly thereafter. Despite the delay, we remain confident that this upgrade will deliver substantial improvements in production capacity and efficiency.
- As part of our strategic expansion, we are planning to import a specialized Bathmat production unit in the upcoming fiscal year 2025–26. This initiative is aimed at strengthening our presence in the home textile segment and meeting the rising market demand for premium bathmat products. The new unit will not only enhance our production capabilities and support product diversification, but also contribute to reducing overall energy consumption through the adoption **of** modern, energy-efficient machinery. This aligns with our commitment to sustainable manufacturing and operational cost optimization.

(C) Impact of above measures:

The implementation of energy conservation initiatives has yielded tangible savings and fostered a heightened sense of awareness among employees regarding sustainable practices. These measures have led to a notable improvement in the power factor, which in turn has resulted in favorable tariff adjustments and cost benefits. Moreover, the integration of energy-efficient machinery—such as modern boilers, advanced warping units, and optimized air systems—has contributed to streamlined operations, reduced energy consumption, and enhanced overall productivity. These outcomes align with our broader commitment to operational excellence and environmental responsibility.

The adoption of energy conservation measures have resulted in savings and increased level of awareness amongst the employees. The energy conservation measures have also resulted in improvement of power factor, consequential tariff benefits.

(D) Total energy consumption and energy consumption per unit of production:

Detailed information regarding total energy consumption and energy consumption per unit of production has been **furnished in the prescribed Form-A**, which is **annexed hereto**. This data reflects our ongoing commitment to transparency, operational efficiency, and sustainable resource management.

2. TECHNOLOGY ABSORPTION:

Efforts made in technology absorption are furnished in the prescribed Form-B Annexed hereto.

3. FOREIGN EXCHANGE EARNINGS AND OUTGO:

A. Details of Foreign Exchange, earnings and outgoing are given as below:-

	Current Year 2024-25	(Amount in Lacs) Previous Year 2023-24
Foreign Exchange earnings	25158.18	20823.50
Foreign Exchange outgoing	1077.69	1007.43

During the financial year 2024–25, the Company achieved a significant milestone in its international operations, recording foreign exchange earnings of ₹25,158.18 lakhs, marking a robust growth of 20.81% over the previous year's earnings of ₹20,823.50 lakhs. This increase reflects the Company's strengthened global presence, enhanced export performance, and strategic expansion into new markets.

Foreign exchange outgoings stood at ₹1,077.69 lakhs, compared to ₹1,007.43 lakhs in the previous year, indicating a controlled and efficient approach to overseas expenditure. The marginal increase of 6.98% is attributable to operational necessities such as import of goods, foreign travel, and service-related payments.

The net foreign exchange surplus for the year amounted to ₹24,080.49 lakhs, demonstrating a healthy forex position and reaffirming the Company's commitment to maintaining fiscal prudence while pursuing global growth opportunities.

Disclosure of Particulars with Respect to Technology Absorption

Section: Research and Development (R&D) (In accordance with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015)

1. **Specific Areas of R&D Focus** : The Company continues to undertake product-centric research on an ongoing basis, with emphasis on enhancing the quality, design, and performance of terry towel products. R&D efforts are directed toward innovation in texture, absorbency, and sustainability to meet evolving customer expectations and global standards.
2. **Benefits Derived from R&D Activities**
 - Development of a broader product portfolio catering to diverse market segments.
 - Improvement in product quality parameters including softness, durability, and color retention.
 - Strengthened competitive positioning in domestic and export markets through differentiated offerings.
3. **Future R&D Roadmap** The Company intends to:
 - Continue investing in product innovation to deliver enhanced value to customers.
 - Introduce eco-friendly and performance-enhanced towel variants.
 - Leverage customer insights and market analytics to guide future product development.
4. **R&D Expenditure** The expenditure incurred on research and development activities has not been accounted for separately and is embedded within the overall operational expenses

Technology absorption, adaptation & innovation**A. Efforts Made Towards Technology Absorption, Adaptation and Innovation**

In pursuit of enhanced operational efficiency, product quality, and sustainability, the Company undertook several technology-driven initiatives during the year, specifically aligned with the requirements of the towel manufacturing sector. Key advancements include:

- **Installation of Airo Machine** – to achieve superior softness, bulk, and texture in terry towels, enhancing fabric hand feel and export readiness.
- **Fully Automatic Warp Tying Machine** – streamlining warp preparation for high-speed weaving, reducing downtime and improving loom efficiency.
- **Screw Compressor** – ensuring consistent compressed air supply for dyeing and finishing operations with improved energy efficiency.
- **300 kg Hydro Extractor Fabric Dyeing Machine** – enabling faster moisture removal post-dyeing, critical for maintaining towel absorbency and uniformity.
- **Section Warping Tying Machine (800 MPM)** – supporting precision warping for varied towel designs and color patterns.
- **Semi-Automatic Cross Cutting Machine** – enhancing cutting accuracy for towel dimensions, minimizing fabric wastage.
- **Soft Flow Dyeing Machine (1800 kg capacity)** – facilitating gentle dyeing of terry fabrics, preserving loop integrity and color vibrancy.
- **Solar Plant (1074 kWp)** – reinforcing the Company's commitment to sustainable manufacturing through renewable energy integration.
- **Stenter Machine** – for controlled drying and heat setting, ensuring dimensional stability and improved towel finish.

- **Transformers (3000 KVA & 6300 KVA)** – supporting expanded power needs of modern textile machinery and uninterrupted operations.
- **TFO (Two-for-One Twister)** – enhancing yarn strength and consistency, vital for durable and high-quality towel production.
- **Winding Machine (24 Spindles)** – enabling efficient yarn winding with uniform tension, essential for weaving premium-grade towels.

These technological upgrades reflect the Company's strategic focus on innovation, quality enhancement, and sustainable growth in the global towel market.

B. Impact of Technology Absorption, Adaptation and Innovation

The strategic implementation of advanced technologies across the production line has delivered tangible improvements in operational efficiency, product quality, and financial performance. The key outcomes are summarized below:

- **Energy Conservation:** Installation of energy-efficient machinery and a 1034 kwp solar power plant has significantly reduced reliance on conventional energy sources, resulting in measurable cost savings and enhanced sustainability.
- **Expansion in Market Share:** Enhanced product consistency and increased production capacity have enabled the Company to strengthen its position in existing markets and successfully enter new geographies, contributing to a broader customer base.
- **Customer Acquisition:** Improved manufacturing capabilities and timely delivery have facilitated the onboarding of new international clients, particularly in the Middle East, Europe, Africa, and the United States.
- **Product Innovation:** Technological upgrades have supported the development of new towel variants with superior softness, absorbency, and design precision, aligning with evolving global consumer preferences.
- **Increased Dyeing Capacity:** Installation of high-capacity dyeing equipment has expanded throughput, enabling the Company to meet growing demand while maintaining quality standards.
- **Cost-Efficient Production:** Deployment of modern looms and automation tools has optimized resource utilization, resulting in higher output at reduced per-unit cost.
- **Improved Cash Flow:** Operational efficiencies, increased export volumes, and reduced energy costs have collectively strengthened the Company's cash flow position, supporting future growth initiatives.

ANNEXURE V TO THE DIRECTORS' REPORT 2024-25

CORPORATE GOVERNANCE REPORT**1. THE COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE:**

Good Corporate Governance is an integral part of the Company's Management and business philosophy. Corporate Governance philosophy is based on the following principles:

- Satisfy the spirit of the law and not just the letter of the law. Corporate governance standards should go beyond the law.
- Be transparent and maintain a high degree of disclosure levels.
- Make a clear distinction between personal conveniences and corporate resources.
- Communicate externally, in a truthful manner, about how the Company is running internally.
- Have a simple and transparent corporate structure driven solely by business needs.
- The Management is the trustee of the shareholders' capital and not the owner.

Company is committed to sound corporate practices based on conscience, openness, fairness, professionalism, transparency and accountability in enhancing confidence of its various stakeholders thereby paving the way for its long-term success.

ANNEXURE VI TO THE DIRECTORS' REPORT 2024-25
MANAGEMENT DISCUSSIONS AND ANALYSIS REPORT

During FY 2024-25, Riba's management undertook a comprehensive strategic review aimed at strengthening the company's position as a market leader within a highly competitive industry. Recognizing the challenges posed by ongoing liberalization and intensified competition from both domestic and international players, the company maintained a proactive approach focused on product and procedural innovation.

Despite prevailing market headwinds and subdued demand, Riba successfully executed a robust innovation agenda, launching several new products aligned with evolving customer needs and industry trends. This commitment to innovation enabled the company to increase its market share and enhance its brand equity. Looking ahead, Riba remains optimistic about expanding its footprint in the export segment. The company's strategic initiatives, combined with a continuous drive for operational excellence, are expected to facilitate the capture of a substantial share in the export market. Riba's agility in responding to competitive pressures and its sustained investment in new product development position the company to capitalize on emerging opportunities, both within India and internationally.

In summary, through disciplined execution of its innovation-driven strategy, Riba is well equipped to navigate the dynamic business environment, maintain growth momentum, and deliver long-term value to stakeholders in FY 2024-25.

1. Global Textile Market Overview

The global textile market is undergoing steady expansion, driven by rising consumer demand for functional and sustainable fabrics. Innovations in raw materials, such as recycled fibers and bio-based polymers, are reshaping the industry's value chain. Rapid urbanization and growing disposable incomes in emerging economies continue to fuel volumes across apparel, home textiles, and technical textiles.

Key growth drivers:

- Urbanization and rising living standards boosting demand for home and apparel textiles
- Technological advancements in yarn spinning, weaving, and finishing enhancing productivity
- Sustainability mandates pushing adoption of eco-friendly fabrics and circular-economy models
- Digitalization in supply chains, from raw-material traceability to on-demand manufacturing

Regional dynamics:

- Asia Pacific remains the largest production hub, led by China, India, and Bangladesh
- North America and Europe focus on high-value segments like technical and smart textiles
- Latin America and Africa are emerging markets, with investments in local textile park

The global textile market size was estimated at USD 1,976.84 billion in 2024 and is predicted to increase from USD 2,123.72 billion in 2025 to approximately USD 4,016.50 billion by 2034, expanding at a CAGR of 7.35% from 2025 to 2034. The rising demand for natural fibers globally is driving the growth of the textile market.

Asia Pacific Textile Market Size and Growth 2025 to 2034

The Asia Pacific textile market size was estimated at USD 1,067.49 billion in 2024 and is predicted to be worth around USD 2,188.99 billion by 2034 at a CAGR of 7.45% from 2025 to 2034.

Terry Towel Industry in the Global Context

The global towels market, of which terry towels represent a substantial share, was valued at approximately USD 11 billion in 2023. It is projected to grow to USD 18 billion by 2032, reflecting a compound annual growth rate of 5.5 percent. This expansion is attributed to enhanced consumer focus on hygiene, rising disposable incomes, and modernization in both residential and commercial segments.

Market segmentation by material highlights cotton's dominance due to its superior absorbency and softness, while microfiber and bamboo towels gain traction for quick-drying and antimicrobial properties. The hospitality sector's increasing standards for premium linens further amplify demand for high-quality terry towels.

Investments in advanced manufacturing equipment, such as rapier looms for terry towel production, underscore the industry's technological evolution. The global market for terry towel rapier looms is estimated at USD 500 million in 2025, with a forecasted CAGR of 5 percent through 2033, reaching around USD 750 million by 2033.

million. This reflects manufacturers' drive for higher production speeds, improved efficiency, and reduced maintenance costs.

Key implications for terry towel players:

- Scale up sustainable cotton sourcing and invest in renewable-energy-powered mills
- Differentiate through value-added features such as quick-dry and antimicrobial finishes
- Expand presence in fast-growing regions like Southeast Asia and Latin America
- Leverage advanced loom technologies to optimize cost and quality

Beyond these figures, monitoring shifts in consumer preferences—such as demand for organic textiles and digital customization—will be critical. Terry towel manufacturers should also watch regulatory developments around chemical use and wastewater treatment, ensuring compliance while pursuing operational excellence.

2. Indian Textiles Market (Towels-Market Size)

India's textile industry remains a cornerstone of the national economy, contributing approximately 2% to GDP and accounting for over 12% of total export earnings. The sector is characterized by its vertically integrated value chain—from fiber to finished goods—and its adaptability to global trends in sustainability, digitalization, and product innovation.

Home Textiles and Terry Towel Segment: Strategic Relevance

The Indian towel and linen market was valued at USD 621 million in 2024, and is projected to reach USD 1,525 million by 2033, growing at a CAGR of 10.5%. Within this, terry towels represent a high-margin, high-growth category, driven by both export demand and rising domestic consumption.

Export Dynamics:

- India accounts for 39% of cotton towel imports to the US, making it a dominant global supplier
- Despite duty disadvantages in Europe, Indian terry towel exports remain competitive due to quality and cost-efficiency
- The US continues to be the largest export destination, contributing over 60% of India's home textile exports

Domestic Market Trends:

- Branded terry towels are gaining traction in India's urban retail and hospitality sectors
- Premiumization and hygiene awareness are driving demand for high-GSM, quick-dry, and antimicrobial variants
- Online retail expansion is reshaping consumer access and preferences

Sustainability and Innovation:

The terry towel segment is undergoing a transformation aligned with global ESG expectations:

- Adoption of organic cotton, bamboo fibers, and recycled yarns is accelerating
- Certifications like GOTS and OEKO-TEX are becoming essential for export competitiveness
- Indian manufacturers are investing in energy-efficient looms, solar-powered operations, and zero-liquid discharge systems to meet sustainability benchmarks

3. Government Initiatives:

Government Initiatives Supporting Terry Towels and Allied Textile Products

The Government of India continues to play a pivotal role in strengthening the textile industry, with targeted interventions that directly benefit terry towel manufacturers and allied segments. These initiatives aim to modernize infrastructure, enhance competitiveness, promote sustainability, and expand global market access

A. Budgetary Allocations and Policy Support

- **Increased Budget Allocation:** The Ministry of Textiles received a 19% increase in budgetary allocation for FY 2025–26, rising to ₹5,272 crore, signaling strong policy commitment to sectoral growth.
- **Cotton Mission:** A five-year Cotton Mission with ₹600 crore allocation focuses on improving productivity of extra-long staple (ELS) cotton—critical for premium terry towel production. It promotes

clean cotton cultivation and scientific agronomy practices to ensure raw material quality and availability².

B. Technology Up gradation and Duty Exemptions

- **Customs Duty Exemption on Looms:** To encourage modernization, the government has fully exempted customs duty on shuttle-less looms—specifically Rapier Looms (below 650 m/min) and Air Jet Looms (below 1,000 m/min). This directly benefits terry towel manufacturers investing in high-speed, energy-efficient weaving technologies.
- **Revised Duty on Knitted Fabrics:** Basic Customs Duty (BCD) on knitted fabrics has been revised to **20% or ₹115/kg**, whichever is higher, to curb cheap imports and protect domestic producers of allied textile products.

C. MSME and Export Facilitation:

- **Enhanced Credit Access for MSMEs:** Micro enterprises in textiles now have access to credit cards with limits up to ₹5 lakh, facilitating working capital for small-scale towel and linen producers.
- **Extended Export Timelines for Handicrafts:** Exporters of duty-free input-based handicrafts—including allied products like decorative towels—can now avail extended timelines of up to 15 months, improving flexibility and compliance.

D. Sustainability and Skill Development

- **Support for Green Manufacturing:** Incentives under schemes like PLI for Textiles and PM MITRA Parks promote sustainable production, energy-efficient machinery, and integrated textile hubs.
- **Skill Enhancement Programs:** Through SAMARTH, the government continues to train workers in advanced textile operations, including towel weaving, finishing, and quality control.

These initiatives collectively enhance the competitiveness of Indian terry towel manufacturers by reducing input costs, improving raw material quality, and enabling technology absorption. Riba Textiles Ltd remains aligned with these policy directions, leveraging government support to drive modernization, sustainability, and export growth

4. Road Ahead: Towel Industry Outlook -

The towel industry is poised for strategic transformation, driven by evolving consumer preferences, sustainability imperatives, and global market shifts. Key growth vectors include:

- **Hospitality & Wellness Expansion:** Rising international travel, wellness tourism, and premium hotel refurbishments are expected to boost demand for high-quality, customized towels.
- **Export Opportunities:** Emerging markets in Africa, Southeast Asia, and Latin America present untapped potential, especially for eco-certified and value-added towel products.
- **Sustainability & ESG Integration:** Increasing preference for organic cotton, recycled fibers, and low-impact dyeing processes is reshaping procurement and production strategies.
- **Digital Commerce Acceleration:** E-commerce platforms and D2C brands are redefining distribution models, supported by flexible return policies and personalized offerings.
- **Government Incentives & Infrastructure Push:** Schemes like RoDTEP, PLI, and textile parks under PM MITRA are expected to catalyze capacity expansion and technology absorption.
- **Smart Manufacturing & Automation:** Adoption of IoT-enabled machinery, energy-efficient looms, and real-time production analytics will enhance operational efficiency and reduce waste.

5. Weaknesses: Structural and Operational Challenges:

Despite promising growth avenues, the industry faces several headwinds that require strategic mitigation:

- **Raw Material Volatility:** Cotton price fluctuations, driven by climate events and global trade dynamics, continue to impact input costs and margin stability.
- **Labor Dependency & Disruptions:** The sector remains vulnerable to labor shortages, strikes, and skill gaps, especially in spinning, weaving, and finishing operations.
- **High Capital Intensity:** Upgrading to modern machinery and sustainable processes demands significant investment, often with long payback periods.

- **Fragmented Supply Chain:** Coordination gaps across sourcing, processing, and logistics can lead to delays, quality inconsistencies, and elevated working capital cycles.
- **Environmental Compliance Pressure:** Increasing scrutiny on water usage, effluent discharge, and carbon footprint necessitates robust ESG frameworks and monitoring systems.
- **Limited Brand Differentiation:** In commoditized segments, lack of innovation and branding limits pricing power and customer loyalty.

7. Initiatives has been taken by the Company

- **Plant & Machinery:** An amount of ₹11.63 crore was invested in new plant and machinery to augment production capacity and meet anticipated demand growth. This upgrade is expected to contribute meaningfully to operational efficiency and topline expansion.

- **Land Acquisition for Future Expansion:** The Company acquired land valued at ₹2.78 crore, strategically located to facilitate future capacity additions, including weaving and processing units. This acquisition ensures readiness for scale-up without delays associated with land procurement.

Planned Investments for FY 2025–26

- **Weaving Capacity Expansion:** The Company has outlined a further investment of approximately ₹14 crore in plant and machinery during FY 2025–26, specifically targeted at increasing weaving capacity. This initiative is aligned with the Company’s growth roadmap and export strategy.

8. Financial Performance:

During the financial year 2024–25, the Company achieved a turnover of ₹29,585.89 Lacs, representing a growth of 19.83% over the previous year’s turnover of ₹24,689.43 Lacs. This performance reflects sustained operational momentum, improved market penetration, and strategic execution across key business verticals.

Net profit for the year stood at ₹849.96 Lacs, as compared to ₹791.76 Lacs in 2023–24, registering a year-on-year increase of 7.35%. The improvement in profitability is attributable to enhanced capacity utilization, disciplined cost management, and the benefits derived from recent investments in energy-efficient technologies and process optimization.

In view of the encouraging financial results and a positive industry outlook, the Board remains confident of delivering improved performance in the current year. The Company continues to focus on strengthening its export footprint, driving operational efficiencies, and aligning its growth strategy with long-term value creation for stakeholders.

9. Key Financial Ratios:

KEY FINANCIAL RATIO	31.03.2025	31.03.2024	Deviation
Interest Service Coverage Ratio	11.05	9.36	18.03%
Debt Service Coverage Ratio	1.47	1.52	-3.46%
Debt Equity Ratio	0.26	0.28	-6.11%
Current Ratio	1.38	1.33	3.91%
Total Debts to Total Assets	0.34	0.78	-56.63%
Debtors Turnover Ratio	7.61	3.09	146.12%
Operating Margin (%)	12.56%	16.63%	-24.45%
Net Profit Margin (%)	2.87%	3.20%	-10.38%
Return to Equity Ratio	8.68%	8.86%	-1.97%
Return on Capital Employed	13.47%	13.03%	3.44%

The company has strengthened its financial position through lower debt, better liquidity, and improved efficiency in receivables. However, profitability margins have declined, indicating pressure on earnings despite stronger solvency.

10. Risks and concerns

Our core export markets in Western economies are contending with two major headwinds: escalating U.S. tariffs on home textiles and sustained volatility from the Russia-Ukraine conflict. These factors have tightened margins, disrupted supply chains, and dampened end-market demand for discretionary home-linen products.

Drawing on our proven resilience in previous downturns, we expect these measures to stabilize export volumes and safeguard profitability through FY2026. We will continue to vigilantly monitor tariff developments, macro indicators and supply-chain dynamics, enabling agile recalibration of our go-to-market levers as conditions evolve.

11. Internal Control Systems and their adequacy

The Company has established an internal control system that is commensurate with its size and complexity. This framework ensures that all assets are safeguarded against unauthorized use or disposition, and that transactions are properly authorized, recorded, and reported in accordance with applicable laws and policies.

- **Internal Audit Committee:**

An independent Internal Audit Committee, with clearly defined powers and responsibilities, oversees the Internal Audit Department to guarantee its objectivity and autonomy. The department maintains comprehensive control manuals and pre-execution checklists, which the Committee reviews periodically to validate findings and track remediation actions.

- **Delegation of Authority:**

A formal Delegation of Authority matrix outlines approval limits and monetary thresholds for each managerial level. This structure ensures that all transactions and commitments are executed by authorized personnel and that internal checks confirm adherence to prescribed procedures before any action is taken.

- **Functional Manuals and Procedures:**

Dedicated manuals for Production, Sales, Administration, and Personnel encapsulate detailed workflows, control points, and activity-specific checklists. These documents are reviewed and updated continuously to reflect regulatory changes, operational enhancements, and industry best practices.

- **Continuous Improvement and Technology Integration:**

To drive ongoing enhancements, the Company routinely revises its control manuals and checklists. We are also developing an integrated software solution to automate approval workflows, enable real-time exception monitoring, and enhance the accuracy and timeliness of management reporting.

12. Material Developments in Human Resources/industrial relations front, including number of people employed

- **Strategic Emphasis on Human Capital:**

The Company regards its workforce as the primary driver of sustainable growth. Human Resources Development is positioned as a core strategic pillar, aligned with our belief that employee contributions will fuel long-term success.

- **Talent Development and Engagement:**

Key initiatives to strengthen our talent pool include:

1. Structured training programs to enhance both technical competencies and soft skills
2. Competitive remuneration and benefits designed to attract and retain high-potential professionals
3. Leadership-development tracks featuring mentoring, rotational assignments, and succession planning

- **Industrial Relations and Productivity Enhancement:**

During the year, industrial relations remained constructive and stability was reinforced through:

1. Regular dialogue forums between management and employee representatives
2. Performance-linked incentive schemes to reward productivity gains
3. Continuous improvement workshops on the shop floor to optimize processes and reduce waste

- **Workforce Profile:**

As of year-end, the Company's human capital comprises approximately 950 individuals, including:

1. Technical and non-technical personnel
2. Managerial and non-managerial staff
3. Casual and contract labour

- **Outlook**

In response to evolving market dynamics, we will continue to invest in our people through targeted skill-building, enhanced engagement mechanisms, and robust leadership pipelines. These efforts will equip the organization to meet future challenges and advance our mission with confidence.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit and cash flows for the year ended on that date

Basis for Opinion

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- i) In case of the Balance Sheet, the state of affairs of the Company as at March 31, 2025.
- ii) In the case of the Profit and Loss account, of the loss of the Company for the year ended on that date; and
- iii) In the case of cash Flow statement, of the cash flows of the Company for the year ended on that date.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the financial statements.

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), as amended, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

- a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year and in the immediately preceding financial year.

- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) The Company has incurred expenses towards Corporate Social Responsibility (CSR) and the amount unspent on CSR during the year had been deposited to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of Sub-section (6) of Section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.
- (xxi) The reporting under Clause 3(xxii) of the Order is not applicable in respect of audit of standalone financial statements. Accordingly, no comment in respect of the said clause has been included in this report.

“Annexure B” to the Independent Auditor’s Report of even date on the Financial Statements of Riba Textiles Limited (“the Company”),

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion''

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Riba Textiles Limited

Notes to financial statements for the year ended March 31, 2025

1. CORPORATE INFORMATION:

Riba Textiles Limited ('the Company') is a public limited company domiciled in India and incorporated on January 4, 1989 under the provisions of the Companies Act, 1956 having its registered office at DD -14 Nehru Enclave, Opp .Kalka Ji Post Office , New Delhi - 110019. The Company is engaged in the manufacturing of Terry Towels, Bath Mats & other Textiles Products.

The Financial statements were authorized by the Board of Directors for issue in accordance with resolution passed on MAY 29, 2025

2. SIGNIFICANT ACCOUNTING POLICIES:

This note provides a list of the significant accounting policies adopted in the preparation of these Ind AS financial statements. These policies have been consistently applied to all the years.

2.1. Basis of preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the section 133 of the Companies Act 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time), presentation requirement of Division II of schedule III to the Companies Act, 2013 (Ind As compliant schedule III) and other relevant provision of the Act. The financial statements have been prepared on a historical cost basis.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and 12 months or other criteria as set out in the Schedule III to the Companies Act, 2013. Based on the nature of its business, the company has ascertained its operating cycle to be 12 months for the purpose of current and non-current classification of assets and liabilities.

2.2 Revenue Recognition**Revenue is measured at the fair value of the consideration received or receivable**

- a) Sale of goods is recognised net of returns and trade discounts, when the risk and rewards of ownership are transferred to the customers. Sales include amounts exclude Goods and Service Tax. Revenue is also recognised on sale of goods in case where the delivery is kept pending at the instance of the customer, the risk and rewards are transferred and customer takes title and accepts billing as per usual payment terms
- b) Revenue from export benefits arising from duty drawback scheme, merchandise export incentive scheme, Rebate of State and Central Taxes and Levies and Remission of Duties or Taxes on Export Products Scheme are recognised on export of goods in accordance with their respective underlying scheme at fair value of consideration received or receivable.

2.3 Other Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is at the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Other income is recognised on accrual basis provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

2.4 Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates (i.e. the “functional currency”). The financial statements are presented in Indian Rupee, the national currency of India, which is the functional currency of the Company.

2.5 Foreign currencies

In preparing the financial statements of the Company, transactions in currencies other than the entity’s functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for exchange differences on transactions entered into in order to hedge certain foreign currency risks

2.6 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred

2.7 Employee benefits

a) Short term employee benefits :

Employee Benefits such as salaries, allowances, and non-monetary benefits which fall due for payment within a period of twelve months after rendering of services, are charged as expense to the profit and loss account in the period in which the service is rendered.

b) Post- employment benefits :

No provision has been made towards retirement benefits as in the opinion of the board; requisite provision has already been made for the eligible employees.

2.8 Earnings per share:

In determining Earnings per share, the company considers the net profit after tax and includes the post tax effect of any extra ordinary items. The number of shares used in computing basic earnings per share is the weighted average number of shares outstanding during the period.

2.9 Taxation:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax : Current tax is the amount of tax payable based on the taxable profit for the year as determined in accordance with the applicable tax rates and the provisions of the Indian Income Tax Act, 1961.

Deferred tax : Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets

and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each annual reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current and deferred tax are recognised in the statement of profit and loss, except when they are related to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company..

2.10 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss ('FVTPL')) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in Statement of Profit and Loss.

a) Financial Assets

(i) Initial recognition and measurement

All financial assets are recognized initially at fair value. Transaction costs that are directly attributable to the acquisition of financial assets (other than financial assets at fair value through Statement of Profit or Loss ('FVTPL')) are added to the fair value of the financial assets, on initial recognition. Transaction cost directly attributable to the acquisition of financial assets at FVTPL are recognized immediately in Statement of Profit and Loss.

(ii) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily de-recognized when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When

it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognize the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

(iii) Investment in Subsidiaries:

The company is not having any investment in any Subsidiaries.

b) Financial liabilities and equity instruments

(i) Initial recognition and measurement

All financial liabilities are recognized initially at fair value plus transaction cost (if any) that is attributable to the acquisition of the financial liabilities which is also adjusted.

(ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below: Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are de-recognised as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss

Trade and other payables

These amounts represent liabilities for goods or services provided to the Company which are unpaid at the end of the reporting period. Trade and other payables are presented as current liabilities when the payment is due within a period of 12 months from the end of the reporting period. For all trade and other payables classified as current, the carrying amounts approximate fair value due to the short maturity of these instruments. Other payables falling due after 12 months from the end of the reporting period are presented as non-current liabilities and are measured at amortized cost unless designated as fair value through profit and loss at the inception.

The Company enters into deferred payment arrangements (acceptances) whereby lenders such as banks and other financial institutions make payments to supplier's banks for purchase of raw materials. The banks and financial institutions are subsequently repaid by the Company at a later date. These are normally settled up to 90 days. These arrangements for raw materials are recognized as Acceptances (under trade payables).

Other financial liabilities at fair value through profit or loss:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading or designated as at FVTPL are recognized in the profit or loss.

Derecognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or Modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

a) Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

d) Impairment of Financial assets

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses, if the credit risk on the financial asset has increased significantly since initial recognition

e) Fair value measurement:

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability which are accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable, or

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level Input that is significant to the fair value measurement as a whole) at the end of each reporting period.

2.11 Property, plant and equipment

The cost of property, plant and equipment comprises its purchase price, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning, net of any trade discounts and rebates. Expenditure incurred after the property, plant and equipment have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the period in which the costs are incurred unless such expenditure results in a significant increase in the future benefits of the concerned asset.

Property, plant and equipment are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses. if any.

Depreciation is provided on the straight-line method as per the useful life prescribed in Schedule II to the 2013 Act except in respect of following categories of assets in whose case the life of certain assets has been assessed based on technical advice taking into account the nature of the asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement, maintenance support etc.

The Company reviews the residual value, useful lives and depreciation method annually and, if current estimates differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.

Assets	Useful lives (in years)
Land	-
Factory buildings	30
Plant & Machinery	25
Office Equipment	5
Computers	3
Furniture and Fixtures	10
Vehicles	
Motor cycles	10
Motor cars	8

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. Assets costing Rs.5,000 and below are depreciated over a period of one year. Land is not depreciated. An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss.

2.12 Intangible assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised in the income statement on a straight-line basis over their estimated useful lives of the intangible asset. Intangible assets that are not available for use are amortised from the date they are available for use. An item of intangible assets is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the Statement of Profit or Loss when the asset is derecognised.

2.13 Impairment of Property, plant and equipment and intangible assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment

loss is recognised immediately in the Statement of Profit and Loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Any reversal of the previously recognised impairment loss is limited to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

2.14 Inventories:

a) Basis of valuation:

i) Inventories other than by-products are valued at lower of cost and net realizable value after providing cost of obsolescence, if any. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. The comparison of cost and net realizable value is made on an item-by-item basis.

ii) Inventories of by-products are valued at the net realizable value

b) Method of Valuation:

i) Cost of raw materials, components, stores & spares has been determined by using weighted average cost method and comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition.

ii) Cost of finished goods includes direct material, direct labour and an appropriate share of fixed and variable production overheads and excise duty as applicable. Fixed production overheads are allocated on the basis of normal capacity of production facilities. Cost is determined on weighted average basis.

iii) Cost of traded goods has been determined by using weighted average cost and comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition.

iv) **Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.**

2.15 Provisions and Contingent Liabilities:

The Company recognizes a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. Provisions are determined by the best estimate of the outflow of economic benefits to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made for a contingent liability. A disclosure for contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.16 Critical accounting judgments and key sources of estimation uncertainty

In the application of the Company's accounting policies the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

2.16.1 Critical judgments in applying accounting policies

The following are the critical judgements, apart from those involving estimations, that the directors have made in the process of applying the Company’s accounting policies and that have the most significant effect on the amounts recognized in the financial statements.

Revenue recognition:

In making their judgment, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 18 and, in particular, whether the Company had transferred to the buyer the significant risks and rewards of ownership of the goods.

2.16.2 Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amount of the assets and liabilities within the next financial year.

2.17 Cash & Cash Equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Items requiring significant estimate	Items requiring significant estimate
Useful lives of property, plant and equipment.	The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. During the current year, there has been no change in life considered for the assets.
Revenue recognition	The Company provides customer incentives, such as rebates, based on quantity purchased, timing of collections etc. Various estimates are made to recognise the impact of rebates and other incentives on revenue. These estimates are made based on historical and forecasted data, contractual terms and current conditions
Estimation of net realisable value of inventories	Inventories are stated at the lower of cost and net realisable value. In estimating the net realisable value of inventories the Company makes an estimate of future selling prices and costs necessary to make the sale.
Provision for taxes	Significant judgments are required in determining the provision for income taxes, including the amount expected to be paid/ recovered for uncertain tax positions.
