The COVID-19 situation in India is constantly evolving with the Government issuing a series of local health and safety advisories which have become more stringent over time to ensure the safety and wellbeing of people. Many states have now issued a directive for lockdowns, imposition of Section 144, shut down of factories and offices as well as public transport in various regions, states and districts.

Accordingly, Competent Automobiles Company Limited has mandated all its employees to work from home and has also decided to safely suspend operations in all workshop & Showrooms w.e.f. March 22, 2020 until further notice. The situation will be closely monitored, and operations at all workshop & Showrooms will be resumed when the situation improves, and it is safe to do so.
